Florida Cracker Cookbook, The: Recipes & Stories from Cabin to Condo Joy Sheffield Harris 2019 From a simple one-story cabin in the piney woods of the Panhandle to a high-rise condo along the glistening waterways, Cracker cooking in Florida has evolved with our tastes and times. When supplies were limited and the workday arduous, black coffee with leftover cornbread might serve as breakfast. Today's bounty and life's relative ease bring mornings with lattes and biscotti, biscuits and sausage gravy. What's on the plate has changed, but our heritage infuses who we are. As we follow the path laid out by gastronomic pioneers, this culinary quest, guided by sixth-generation Cracker Joy Sheffield Harris, will whet your appetite with recipes and sumptuous reflections. Pull up a chair and dig in.

Selecting The Perfect Ice Cream Maker Michelle Spencer 2013-09-23 Whether you are using grandma's old hand-cranked ice cream maker, or one of the modern toss-ball types, there are some constants that are good to keep in mind while making ice cream at home. Crank freezers tend to have a larger 2-4 quart capacity than other ice cream makers, especially in the older models. More modern ice cream makers that do not require ice tend to be of 1-2 quart capacity. If you are making small batches with the ice-less type and want to make larger quantities, you might freeze the ice cream in separate smaller containers, or combine the batches in a larger container in your regular freezer. If you are making larger amounts for a gathering, make most of your ice cream in advance so as not to squander large blocks of time manning the ice cream maker while you have guests. Selecting The Perfect Ice Cream Maker by Michelle Spencer is perfect in helping you find the best Ice Cream Maker for making Ice Cream in the comfort of your home. Be sure to read the manufacturer's instructions with any ice cream maker, crank or otherwise. Unless otherwise instructed, always start your project by washing the lid, can, and dasher (scraper) with hot soapy water. Be sure to rinse everything well, and scald with boiling water. This will sterilize your equipment, preventing bacteria from getting to the milk or cream in your mix. Check your lid and make sure it fits well to prevent leaking. Find out more trade secrets on how to make the best homemade ice cream and how to select that great ice cream maker.
