All Time Low - Don't Panic. Let's Party. The Biography Joe Shalman 2016-08-04 With punk tunes to die for, raucous gigs to get the world jumping and lyrics that resonate with a generation, All Time Low are putting the power back into power-pop and owning stages across the globe. In 2003, four best friends, Alex Gaskarth, Jack Barakat, Rian Dawson and Zack Merrick, got together in high school, bonding over their love of Blink-182 and soon set off on a path that would emulate their heroes. The group was signed before graduating and soon found they were breaking out as Vans Warped Tour favourites. Songs like 'Dear Maria, Count Me In' brought the band firmly onto the world stage as the group established itself as one of the most exciting on the circuit, touring as headliners in their own right as well as supporting seminal genre acts Green Day and Blink-182. The group's status as serious pop-punk heroes was further strengthened by the superbly-received 2012 album, Don't Panic, packed to the edges with blistering skate-punk riffs, infectious vocal harmonies and sparkling guitar play. With their 2015 album Future Hearts having debuted at No. 2 in the US Billboard 200 and topping the UK album charts, All Time Low have proved they're here to stay. Affectionate, in-depth and packed with more inside stories than you can shake a drumstick at, Don't Party, Let's Party, Let's Party tells the unofficial story behind four boys who were destined to become the greatest thing to come out of Towson, Baltimore. The time for superstardom is nigh for a quartet whose party-loving ways and instant rapport with their fanbase are as strong as those irresistible riffs and melodies. The future is theirs.

A Critical Companion to Neil Gaiman's "Neverwhere" Jeffrey Andrew Weinstock 2022-05-31 Fantasy author Neil Gaiman's 1996 novel Neverwhere is not just a marvelous self-contained novel, but a terrifically useful text for introducing students to fantasy as a genre and issues of adaptation. Jeffrey Andrew Weinstock's briskly written A Critical Companion to Neil Gaiman's Neverwhere offers an introduction to the work; situates it in relation to the fantasy genre, with attention in particular to the Hero's Journey, urban fantasy, word play, social critique, and contemporary fantasy trends; and explores it as a case study in transmedial adaptation. The study ends with an interview with Neil Gaiman that addresses the novel and a bibliography of scholarly works on Gaiman.

Python beyond Python Paul N. Reinsch 2017-07-14 This collection of original, interdisciplinary essays addresses the work of Monty Python members beyond the comedy show, films, and live performances. These men are prolific creators in a variety of artistic realms beyond the confines of the comedy troupe. Their work as individuals, before and after coming together as Monty Python, demonstrates a restless curiosity about culture that embraces absurdity but seldom becomes cynical. Python members collectively and individually create unique approaches to theatre, film, video games, comic books, business training videos and more. Python Beyond Python increases our understanding of this often neglected work and the meanings of Monty Python.

Grotendeels ongevaarlijk Douglas Adams 2011-10-07 Het Transgalactisch Liftershandboek (Engels: The Hitchhikers Guide to the Galaxy) is een komisch sciencefictionfranchise bedacht door Douglas Adams. Het begon als een radiohoorspel van twaalf afleveringen, voor het eerst uitgezonden in 1978 door BBC Radio, daarna door de BBC World Service. In 1981 werd er een zesdelige televisieserie gemaakt. Al snel volgden andere media, waaronder een computerspel, drie toneelbewerkingen, negen graphic novels, een speelfilm en heel veel merchandise. De boekenserie was echter het succesvolst: tussen 1979 en 1992 verschenen vijf delen van de reeks. In 2008 kreeg auteur Eoin Colfer toestemming van de weduwe van Douglas Adams om de reeks af te maken met een zesde deel dat dit jaar in het Nederlands verschijnt: En dan nog iets...

Conversations with Neil Gaiman Joseph Michael Sommers 2018-09-17 Neil Gaiman (b. 1960) currently reigns in the literary world as one of the most critically decorated and popular authors of the last fifty years. Perhaps best known as the writer of the Harvey, Eisner, and World Fantasy award-winning DC/Vertigo titles, The Sandman, Gaiman quickly became equally renowned in literary circles for works such as Neverwhere, Coraline, American Gods, as well as the Newbery and Carnegie Medal-winning The Graveyard Book. For adults, for children, for the comics reader to the viewer of the BBC's Doctor Who, Gaiman's writing has crossed the borders of virtually all media and every language, making him a celebrity on a worldwide scale. The interviews presented here span the length of his career, beginning with his first formal interview by the BBC at the age of seven and ending with a new, unpublished interview held in 2017. They cover topics as wide and varied as a young Gaiman's thoughts on Scientology and managing anger, learning the comics trade from Alan Moore, and being on the clock virtually 24/7. What emerges is a complicated picture of a man who seems fully assembled from the start of his career, but only came to feel comfortable in his own skin and voice far later in life. The man who brought Morpheus from the folds of his imagination into the world shares his dreams and aspirations from different points in his life, including informing readers where he plans to take them next.

Spiegels en rook Neil Gaiman 2011-07-28 Spiegels en Rook Een oude vrijster vindt onder een bontjas in een rommelwinkel de Heilige Graal Een jong stel krijgt een bruiloftscadeau dat onthult hoe hun huwelijk óók zou kunnen verlopen Een zwerfkat vecht 's nachts op leven en dood om zijn adoptiefamilie te beschermen tegen een gruwelijk kwaad Deze verhalenbundel vol verwondering en verrukking is een staalkaart van het werk van Neil Gaiman. In zijn handen is magie geen illusie, maar een krachtig middel om door te dringen tot de kern van het menselijk bestaan, die verheld is door de rook van angsten en begeerten en weerkaatst wordt in de vertekende spiegels van onze dromen.

The Hitchhiker's Guide Trilogy Douglas Adams 2017-11-30 Don't Panic: collected together in the Hitchhiker's Guide Trilogy are the five titles that comprise Douglas Adams' wildly popular and wholly remarkable comedy science fiction series, with a special introduction from the author himself. The Hitchhiker's Guide to the Galaxy One Thursday lunchtime the Earth gets unexpectedly demolished to make way for a new hyperspace bypass. For Arthur Dent, who has only just had his house demolished that morning, this seems already to be rather a lot to cope with. Sadly, however, the weekend has only just begun. The Galaxy may offer a mind-boggling variety of ways to be blown up and/or insulted, but it's very hard to get a cup of tea. The Restaurant at the End of the Universe When all questions of space, time, matter and the nature of being have been resolved, only one question remains - 'Where shall we have dinner?' The Restaurant at the End of the Universe provides the ultimate gastronomic experience, and for once there is no morning after to worry about. Life, the Universe and Everything Following a number of stunning catastrophes, Arthur Dent is surprised to find himself living in a hideously miserable cave on prehistoric Earth. However, just as he thinks that things cannot get possibly worse, they suddenly do. An eddy in the space-time continuum lands him, Ford Prefect, and their flying sofa in the middle of the cricket ground at Lord's, just two days before the world is due to be destroyed by the Vogons. Escaping the end of the world for a second time, Arthur, Ford, and their old friend Slartibartfast embark (reluctantly) on a mission to save the whole galaxy from fanatical robots. Not bad for a man in his dressing gown... So Long, and Thanks for All the Fish There is a knack to flying. The knack lies in learning how to throw yourself at the ground and miss. It's not an easy thing to do, and Arthur Dent thinks he's the only human who's been able to master this nifty little trick - until he meets Fenchurch, the woman of his dreams. Fenchurch once realised how the world could be made a good and happy place. Unfortunately, she's forgotten. Convinced that the secret lies within God's Final Message to His Creation, they go in search of it. And, in a dramatic break with tradition, actually find it... Mostly Harmless Arthur Dent has settled down on the small planet Lamuella and has embraced his role as a Sandwich Maker. However, his plans for a quiet life are thrown awry by the unexpected arrival of his daughter. There's nothing worse than a frustrated teenager with a copy of the Hitchhiker's Guide to the Galaxy in their hands. When she runs away, Arthur goes after her determined to save her from the horrors of the universe. After all - he's encountered most of them before...

Don't Panic Neil Gaiman 2018-10-30 The #1 New York Times bestselling author's "hilarious...idiosyncratic...delightful" and definitive companion to a global phenomenon (Publishers Weekly), Douglas Adams's "six-part trilogy," The Hitchhiker's Guide to the Galaxy grew from a blip of a notion into an ever-expanding multimedia universe that amassed an unprecedented cult of followers and became an international sensation. As a young journalist, Neil Gaiman was given complete access to Adams's life, times, gossip, unpublished outtakes, and files (and became privy to his writing process, insecurities, disillusionments, challenges, and triumphs). The resulting volume illuminates the unique, funny, dramatic, and improbable chronicle of an idea, an incredibly tall man, and a mind-boggling success story. In Don't Panic, Gaiman celebrates everything Hitchhiker: the original radio play, the books, comics, video and computer games, films, television series, record albums, stage musicals, one-man shows, the Great One himself, and towels. And as Douglas Adams himself attested: "It's all absolutely devastatingly true—except the bits that are lies." Updated several times in the thirty years since its original publication, Don't Panic is available for the first time in digital form. Part biography, part tell-all parody, part pop-culture history, part guide to a guide, Don't Panic "deserves as much cult success as the Hitchhiker's books themselves" (Time Out).

I Do Heroin On The Train Line So You Don't Have To: A Hitchhiker's Guide To My Galaxie Melodie Yvonne 2021-07-01 Not a lot of people know that I ran away from home at 16. And I never went back. Some days I don't know how I've made it this far... and then I remember maybe I haven't made it. It's been a very long life, and I've lived through and done some rough things that I'd never wish on anyone. I'm lucky the people I hurt have been able to forgive me, and that through it all I'm not dead. This poetry and short story collection looks back on the time I spent living on the streets from town to town and place to place as well as my struggle to leave that life behind. It's a time in my life I've never been able to express, but I finally think I can look back and share... and, hopefully, help someone else as much as others have helped me. But beware. It's not all flowers and puppies. It's a rather dark glimpse into a world that all of us secretly enjoy a little taste of, but none of us want to live there. I lived it, so you don't have to. So have fun. It's just a little glimpse into my galaxie... Don't Panic.

Don't Panic Neil Gaiman 2002 This is the story of an ape-descended human called Douglas Adams who, in a field in Innsbruck in 1971, had an idea. The Hitchhiker's Guide to the Galaxy Douglas Adams 1980 Don't panic! You're not timetripplng! It's the tenth anniversary of the publication of Douglas Adams's zany, best-selling novel, and to celebrate Harmony is reissuing a special edition of this cult classic! By now the story is legendary. Arthur Dent, mild-mannered, out-to-lunch earth-ling, is plucked from his planet by his friend Ford Prefect just seconds before it was demolished to make way for a hyper-space bypass.
