X Sue Grafton 2016-08-29 Heerlijke nieuwe thriller met uiteraard Kinsey Millhone in de hoofdrol X is misschien wel het beste boek dat Sue Grafton tot nu toe heeft geschreven in haar Alfabet-serie. Het vertelt het verhaal van een meedogenloze seriemoordenaar die geen enkel spoor van zijn misdaden achterlaat. Kinsey Millhone heeft toch bewijs tegen hem gevonden. Het is alleen nog maar de vraag of ze haar zaak kan rond kan krijgen, voordat ze zelf zijn volgende slachtoffer wordt... De pers over de Alfabet-serie: 'Sue Grafton verrast ons elk jaar met Kinsey Millhones volgende letter in het alfabet. En daar zijn we absoluut niet rouwig om. Flair 'De Alfabet-boeken behoren tot de top 5 van beste series die ooit in Amerika zijn verschenen.' The Washington Post 'Sue Grafton werkt in haar reeks over privédetective Kinsey Millhone het hele alfabet af. Dat is mooi, want Grafton schrijft goed.' VN Detective en Thrillergids

V staat voor Vergelding Sue Grafton 2012-03-15 Een vrouw met een schimmig verleden pleegt zelfmoord – of was het toch moord? Een stervende oude man wordt verzorgd door de zoon die hij altijd meedogenloos mishandelde. Een professionele bende winkeldieven harkt miljoenen aan gestolen goederen bij elkaar. Een verweende puber zit tot over zijn oren in de gokschulden, maar denkt het systeem te kunnen verslaan. Een eenzame weduwnaar treurt om de dood van zijn geliefde en zoekt naar antwoorden die erger zouden kunnen zijn dan de pijn van zijn verlies. De spin in dit bizarre web: een elegante zakenman zonder scrupules, wiens deals zonder uitzondering illegaal zijn. En Kinsey Millhone wil er het fijne van weten.

Rivalrous Consonance: A Theory of General Oligopolistic Equilibrium R.E. Kuenne 2014-06-28 The book is an attempt to construct frameworks for the analysis of oligopoly which combine both the rivalrous and cooperative elements in the market structure of mature oligopolistic industries. It provides an alternative approach to those of game theory and conjectural variation, and does so in a fashion that permits: - the development of a general equilibrium framework that incorporates oligopoly - operational analysis of pricing policies in oligopoly - the tailoring of the analytical framework to the specifics of an industry within the context of multiobjective decision making. The book stresses the need for economic theory to move away from the search for universal theorems concerning oligopolistic behaviour, and to develop a body of specific industry analyses using ``simulative theorizing''.

Hij vraagt Kinsey of ze wil helpen het graf van het meisje te vinden. Maar tijdens haar onderzoek merkt Kinsey dat Michaels verhaal aan alle kanten rammelt. Heeft hij er toch meer mee te maken dan zij dacht?

Private Sector Development in West Africa Diery Seck 2014-07-01 This book examines key determinants of private sector development in West Africa, putting special emphasis on government's cardinal role in fostering and supporting entrepreneurship. Favorable macroeconomic conditions are identified and it is shown that adequate policies that contribute to economic diversification and industrialization are likely to expand the investment base of the economy. The book also examines new business concepts and regional integration initiatives meant to enhance West Africa's private sector and analyzes the role of finance in promoting development of private firms and the extent to which corruption impedes economic growth. All chapters are highly relevant to West Africa's current policy challenges and therefore inform the region's ongoing policy formulation. The empirical evidence supporting the policy recommendations is based on both qualitative field observations and advanced quantitative estimation techniques.

W staat voor wild Sue Grafton 2014-05-16 Twee dode mannen veranderden dit najaar mijn leven. Een bekende en iemand die ik pas in het lijkenhuis tegenkwam. De eerste was een dubieuze detective, neergeschoten bij het strand van Santa Teresa. De tweede lag zes weken later in het zand. Mogelijk dakloos, zonder papieren. Behalve een stukje in zijn zak met Kinseys naam en nummer. Een moord en een natuurlijke dood. Ongerelateerde zaken. Maar als Kinsey dieper graaft in het mysterie van de onbekende, duiken er verbanden op. W staat voor Wild is een verhaal vol verraad, misverstanden en moorddadige fraude. En privédetective Kinsey Millhone blijkt buiten haar schuld totaal gecompromitteerd.

International Finance in the New World Order H. Peter Gray 1995 Hardbound. Some of the most important developments of the last quarter century relate to the internationalization of financial issues: the advent of free trade areas; the efforts of the European Union in establishing a single currency; burdens of international indebtedness; and the economic growth and development of nations. International financial systems are increasingly fragile and vulnerable in the face of possible international financial shock. Exchange rate issues and other changes in financial conditions have profound consequences not only for multinational corporations which have to devise new ways of managing their global operations, but also for firms and industries at the national level. The papers in this book confront these and other problems in international finance that have arisen in recent years, seeking to identify causal linkages at the global, national and company levels.

A final chapter shows how to construct a simple Web page on an Internet server. The color format with tips, boxes, and photos is inviting.
