The 1000 Trivia Questions book can be used to plan quiz and trivia nights—just pick the questions you want to use. Or it can be used by people to see who has a wealth of trivial information stored in their brains. This book can also be used in classrooms of senior primary students to middle secondary and beyond. 1000 Trivia Questions is designed to be used when people want to challenge themselves and others on things in our world. Newsgames Ian Bogost 2012-09-21 How videogames offer a new way to do journalism. Journalism has embraced digital media in its struggle to survive. But most online journalism just translates existing practices to the Web: stories are written and edited as they are for print; video and audio features are produced as they would be for television and radio. The authors of Newsgames propose a new way of doing good journalism: videogames. Videogames are native to computers rather than a digitized form of prior media. Games simulate how things work by constructing interactive models; journalism as game involves more than just revisiting old forms of news production. Wired magazine's game Cutthroat Capitalism, for example, explains the economics of Somali piracy by putting the player in command of a pirate ship, offering choices for hostage negotiation strategies. Videogames do not offer a panacea for the ills of contemporary news organizations. But if the industry embraces them as a viable method of doing journalism—not just an occasional treat for online readers—newsgames can make a valuable contribution.

Quiz Questions Will Smyth 2011-01-27 Call it a quiz! Call it a trivia night! Quizzes are always popular. They're fun, family entertainment for all ages AND they are great for raising money for clubs and... for any good cause at all. Quiz Questions is a neat little book for just those occasions. Plus, it brings interest and humor to its twelve categories (like sports, books and writers, animals, aviation and space, history, languages and peoples, movies and music ...). Every page of questions has an opposite page of answers, and most add something of extra interest beyond the bare correct answer. The book's a stand-alone read for alert minds as well as a super tool for the hard-worked presenter charged with running that quiz or trivia-based fundraiser. Author uses American English and material, but Will's a world traveler - he worked in eight countries - and the American reader is presented a wide spread of international questions. Sport? Not all is about US triumphs, yet Michael Phelps is there (DID he win more swimming golds than Mark Spitz?) and the amazing track records of the late "Flo-Jo" Florence Griffith-Joyner. Will Smyth's anglophone readers in Australia, Britain, Canada and New Zealand also get to uncover plenty of

gems from American history. What exactly was Samuel Colt's patent for, back in 1835? Do they know the names of all three US astronauts on Apollo Eleven? He even shows his Scottish heritage by asking for the finer points of caber-tossing. (The caber has to fall AWAY from the kilted strongman! Just as well.) A good wee book, and a useful tool for any quiz leader. Also it will make a splendid present at modest price: one of those gifts you read yourself before passing it on to the giftee.
