**The Gun Dilemma** Robert J. Spitzer 2022-08-23 An informed and sophisticated look at the current debate between gun laws and gun rights in America. Contemporary gun controversies are deeply rooted in our history, yet much of that history is unknown, ignored, or distorted. This is all the more important because a new gun rights movement is pressing to expand the definition of gun rights well beyond the standard set by the Supreme Court in its landmark, controversial Heller ruling from 2008. These activists' efforts have found a receptive audience among a new generation of very conservative federal judges cultivated in part for their professed adherence to the doctrine of constitutional Originalism and fealty to an expansive reading of gun rights. In *The Gun Dilemma*, Robert J. Spitzer examines this "gun rights 2.0" movement in the light of a host of gun controversies: assault weapons, ammunition magazines, silencers, public gun brandishing and display, and the emergent Second Amendment sanctuary movement. Given the importance of actual gun law history to this debate, Spitzer draws from the historical record to illuminate several contemporary and emergent gun controversies that may well make their way to the Supreme Court. Revealing and illuminating as that history is, he argues that we should not be straitjacketed by that history, but rather informed by it as the nation struggles with how to frame its gun policies. By utilizing novel information sources to explore both gun law history and current debates, *The Gun Dilemma* provides an informed and sophisticated challenge to the ascendant originalists who appear to be set on enshrining in law a radical libertarian vision of gun rights.

**Concealed Weapon Laws of the Early Republic** Clayton E. Cramer 1999 Cramer's work examines the motivations and legislative history behind the nation's first laws regulating the carrying of concealed deadly weapons and establishes a previously unexplored link between these laws and efforts to suppress dueling in the southern back-country. Cramer challenges the traditional attempt to explain these laws as efforts to maintain slavery and to restrict the rights of free blacks. He rejects such thinking by demonstrating that the concealed weapon laws of the early republic were not racially-motivated. He further supports the work of other scholars who have lately examined the role of Scots-Irish immigrants in creating a distinctive southern back-country culture of "honor violence" including dueling and brawling. It was the attempt to control such violence, Cramer argues, that led to the concealed weapons laws.

**Firearms Law and the Second Amendment** Nicholas J. Johnson 2021-10-06 Buy a new version of this textbook and receive access to the Connected eBook on CasebookConnect, including: lifetime access to the online ebook with highlight, annotation, and search capabilities, plus an outline tool and other helpful resources. Connected eBooks provide what you need most to be successful in your law school classes. Learn more about Connected eBooks. The right to keep and bear arms evokes great controversy. To some, it is a bulwark against tyranny and criminal violence; to others, it is an anachronism and serious danger. Firearms Law and the Second Amendment is the leading casebook and scholarly treatise on arms law. It provides a comprehensive domestic and international treatment of the history of arms law. In-depth coverage of modern federal and state laws and litigation prepare students to be practice-ready for firearms cases. The book covers legal history from ninth-century England through the United States in 2021. It examines arms laws and culture in broad social context, ranging from racial issues to technological advances. Seven online chapters cover arms laws in global historical context, from Confucian times to the present. The online chapters also discuss arms law and policy relating to race, gender, sexual orientation, and other statuses and how firearms and ammunition work. New to the Third Edition: Important cases and new regulatory issues since the 2017 second edition, including public carry, limits on in-home possession, bans on types of arms, non-firearm arms (like knives or sprays), Red Flag laws, and restoration of firearms rights Expanded social science and criminological data about firearms ownership and crimes Deeper coverage of state arms control laws and constitutional provisions Extended analysis of how Native American firearm policies and skills shaped interactions with European-Americans, provided the tools for three centuries of resistance, and became a foundation of American arms culture The latest research on English legal history, which is essential to modern cases on the right to bear arms Professors, students, and practicing lawyers will benefit from: Practical advice and resource guides for lawyers, like early career prosecutors or defenders, who will soon practice firearms law Five chapters on the diverse approaches of lower courts in applying the Supreme Court precedents in Heller and McDonald to contemporary laws Historical sources that shaped, and continue to influence, the right to arms

**Black Belt 2001-02** The oldest and most respected martial arts title in the industry, this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self-defense in the world - including techniques and strategies. In addition, Black Belt produces and markets over 75 martial arts-oriented books and videos including many about the works of Bruce Lee, the best-known marital arts figure in the world.

**Blind-sided** Gregory K. Moffatt 2000 Details early warning signs that are often overlooked during risk assessment by looking at homicides undertaken by the historically non-violent offender.
