Creativity and Learning in Secondary English Andrew McCallum 2012 This book borrows from a range of theories about creativity and about learning, while remaining largely practical in focus. It contains numerous examples for teachers of how to apply ideas about creativity in the classroom. In doing so, it attempts to maintain the subject's core identity while also keeping abreast of contemporary social, pedagogical and technological developments. The result is a refreshing challenge to some of the more mundane approaches to English teaching on offer in an age focussed excessively on standardisation and teaching to tests.

Inclusive Pedagogy in the Early Years Phyllis Jones 2012-08-21 Is it possible to meet all the needs of a widely diverse group of children in one class? Based upon the author's own research into this question, this new book invites readers to compare teachers' accounts of their best lessons and provides useful discussion and viewpoints about inclusive pedagogy in a variety of learning contexts. Inclusive Pedagogy in the Early Years covers: structured and signposted case studies to encourage comparison examples of children's work to demonstrate how they responded to lessons.

A School for Everyone Ffion Jones 2021-09-21 This discussion tool designed to address pressing social issues for children helps teachers, parents and professionals caring for children to alleviate young people's worries and opens up conversations on tricky topics. Providing 16 stories told from different perspectives, the book covers social and emotional concerns around far-ranging issues, including refugees, disability, gender diversity and climate change. For each issue raised, the story is followed by a fact file, a set of interactive activities, lesson plans and a bank of resources to further enhance understanding and promote empathy.

Literacy Play for the Early Years Book 1 Collette Drifte 2013-07-04 This series of books uses fiction, non-fiction and poetry texts, as well as phonics, as a basis to help young children in the Early Years develop their literacy skills. It brings together the early learning goals of the foundation stage and the national literacy strategy objectives, using

structured play, games and fun activities to put across the relevant teaching points in an enjoyable way, while simultaneously nurturing a love of literature. Each book presents structured activities based around suggested focus texts. To help practitioners save time in planning and organizing, the materials needed and the preparation required for each session are described in detail. The activities have been designed to cater to different achievement levels, and can be adapted or added to according to the needs of individual children and settings. Follow-up activities are also suggested, to bring in wider aspects of the Early Learning Goals and the NLS objectives. Elements of this book include exploring well-loved traditional stories and quality familiar modern stories by established authors; using the texts as a basis to focus on specific literacy goals and objectives; using the texts as a stimulus for games and play activities that help to teach literacy skills; planning and preparation for each literacy session, including materials needed and scripted sessions; ideas for working and playing with the whole group and smaller groups to consolidate the literacy skill; and extension ideas and activities.

Literacy on Display Linda Duncan 2002

The Sands of Time Jenny Plastow 2010 Children's Literature Has always been produced by radicals and reformers. Critical analysis of their views and methods is a fascinating and increasingly contested new field. Bringing together a range of perspectives from established academics, well-known children's writers and students of children's literature, this collection provides an unusual and challenging read. Whether you are interested in how writers present the lives of working children in nineteenth-century America, how picture books challenge and subvert the political stance of contemporary Australia, or how issues in Kenya or Palestine can become the material of children's fiction, there are plenty of ideas to explore. --

Children's Literature and Learner Empowerment Janice Bland 2013-07-22 Children's literature can be a powerful way to encourage and empower EFL students but is less commonly used in the classroom than adult literature. This text provides a comprehensive introduction to children's and young adult literature in EFL teaching. It demonstrates the complexity of children's literature and how it can encourage an active community of second language readers: with multilayered picturebooks, fairy tales, graphic novels and radical young adult fiction. It examines the opportunities of children's literature in EFL teacher education, including: the intertextuality of children's literature as a gate-opener for canonised adult literature; the rich patterning of children's literature supporting Creative Writing; the potential of interactive drama projects. Close readings of texts at the centre of contemporary literary scholarship, yet largely unknown in the EFL world, provide an

invaluable guide for teacher educators and student teachers, including works by David Almond, Anthony Browne, Philip Pullman and J.K.Rowling. Introducing a range of genres and their significance for EFL teaching, this study makes an important new approach accessible for EFL teachers, student teachers and teacher educators.

Enriching Literacy Robin Richardson 1999 This book arises from teachers looking closely at how children learn to use English as an additional language in both speech and writing. The book describes practical strategies and activities which help bilingual children to become competent in the formal academic language required by the curriculum. It is a useful practical primary resource of relevance the whole English-speaking world, particularly at a time when literacy is seen as more vital a skill than ever but when the distinctive needs, strengths and skills bilingual children seem to be largely ignored in official policy.

Teaching Mathematics Through Story Caroline McGrath 2014-06-27 How do you make mathematics relevant and exciting to young children? How can mathematics and literacy be combined in a meaningful way? How can stories inspire the teaching and learning of mathematics? This book explores the exciting ways in which story can be used as a flexible resource to facilitate children's mathematical thinking. It looks at the potential relationship between story and mathematics and practically demonstrates how they can be combined to help children connect, understand and express mathematical ideas using story language. Written for all early years practitioners and students, the book offers a playful pedagogical approach to facilitating children's mathematical thinking which brings a creative satisfaction and confidence to teaching mathematics. Encouraging a creative approach to teaching mathematics that draws on picture books and oral mathematical stories, the book shows you how to: Move from reading to telling stories with mathematical themes Encourage children to pose and solve problems by playing with the plot of stories Enable children to translate abstract mathematical ideas to concrete representations with supporting story props and puppets Create original oral mathematical stories alongside children Capture children's mathematical thinking in an observational framework, supported with audio or video recordings which can be shared with parents and colleagues There are free audio recordings of children and adults telling oral mathematical stories, which feature in the book. These can be downloaded from:

www.routledge.com/9780415688154 This book draws on practical work with children, educators, parents, professional storytellers, and trainee practitioners, who bring theoretical ideas to life and offer insight into their mathematical story experiences. It is a 'must have' for all those who want to make mathematics relevant, accessible and imaginative for young children.

Handa's Surprise Eileen Browne 2011 For use in schools and libraries only. When Handa, who lives in a Kenyan village, sets out to visit her friend in the next village with a basketful of tropical fruits on her head, the animals she passes on the way take advantage of the opportunity.

Handa's Hen Eileen Browne 2011-08-23 "This picture book throbs with sunshine. A stunning book." – *The Independent* (U.K.) Every morning, Handa, a young girl from the Luo tribe, feeds breakfast to Mondri, her grandma's black hen. This morning, however, Mondri is nowhere to be seen. So Handa and her friend Akeyo set off on a hunt, coming upon two fluttery butterflies, three stripy mice, four little lizards, five beautiful sunbirds, and many more intriguing creatures. But where could Mondri be? Is that a faint cheeping they hear under the bush? Might Mondri have a surprise in store (or maybe even ten of them)? Luminous colors depict a lush natural setting in this gentle, repetitive story perfect for reading aloud.
