Planting the Province Douglas McCalla 1993

Canada, a Modern History John Bartlet Brebner 1960

Sport and Recreation in Canadian History Carly Adams 2020-10-16 Serving as a foundation for critical discussion about the importance of the past, Sport and Recreation in Canadian History covers the historical events, people, and moments that shape Canadian sport in the present and future. While this text focuses on sport and recreation practices on these lands now claimed by Canada, it is set within a larger historical context of interconnecting social and cultural practices to speak to the sustained tensions, complexities, and contradictions prevalent in Canadian society. The editor, Dr. Carly Adams, and her 17 contributing experts from across Canada bring the latest research in all areas of Canadian sport history to life and present a thorough look at the nation ' s past events. The text challenges the dominant narratives and encourages students to think critically about Canadian sport history. It examines how gender, ethnicity, race, religion, ability, class, and other systems of oppression and privilege have shaped sport and recreation practices, with Canadian sporting culture reproducing many of the same oppressive systems that exist on the larger scale. Sport and Recreation in Canadian History separates itself from its competitors by providing an abundance of pedagogical aids. Sidebars highlighting prominent people provide glimpses of figures who made a significant impact on Canadian sport history. Transformative Moment sidebars focus on significant events as they relate to specific themes, such as gender, race, ethnicity, sexuality, or ability. A comprehensive timeline showcases where important events fell in relation to one another, while the text acknowledges the problem of presenting history in a linear way and provides a more nuanced discussion of time. Descriptions of primary source documents—such as newspaper articles, photographs, and historical documents—are accompanied by explanations of how sport historians work with these documents. Sport and Recreation in Canadian History asks readers to think differently about the history of Canadian sport, and it examines how past people, moments, and events continue to shape 21st-century sport.

The History of North America W. Bennett Munro 2015-07-03 Excerpt from The History of North America: Canada and British, North America The history of the United States is so interwoven with the history of Canada that every American must possess a working knowledge of the progress made by the Dominion if he would properly understand many of the important phases of the development of the United States. It is, however, from the Canadian and not the American standpoint that the account of the history of the British possessions in North America must be viewed if one is to have a correct estimate of the reciprocal influences exerted by the United States of America and the Dominion of Canada and a fair judgment of the policies and achievements of these two great governments. These statements will not meet with denial from either intensive or extensive students. Both classes of scholars will admit, with more or less readiness, the importance of a knowledge of Canadian history to every dweller in the United States and yet neither will take steps to bring that knowledge to the general reader, though some historians, indeed, will go so far as to admit our postulate that a knowledge of Canadian history is almost as important to citizens of the United States as a knowledge of English history. No student can acquire that knowledge either from the usual histories to which the general public has ready access, or from those which the students in institutions of learning are obliged to study. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. Canada, an Economic History William L. Marr 1980

Canada at War Paul Keery 2012 In 1914, Canada went to war as a subject of Britain. In 1939, it made the choice to fight all on its own. Canada at War follows the developments and setbacks, wins and losses, of a nation learning to stand up for itself under the toughest possible conditions: in the midst of the most difficult war of the twentieth century. In graphic-novel format, fully illustrated and in full colour, Canada at War shows the growth of a nation's army, navy, and air forces through movingly depicted triumphs and tragedies. From the disheartening losses at Dieppe and Hong Kong through the Battle of the Atlantic and the invasion of Sicily, it focuses on the human dimension of the key battles and decisions that ultimately swung the war in the Allies' favour. This moving, graphic account ends, after the victories of D-Day and Juno Beach and the liberation of Europe, with a final reckoning of the legacy these storied years have had on a country forged through war. Aimed at a general audience of both adults and young adults, this very human history tells the stories behind some of this country's most distinguishing military moments.

A History of Music in Canada, 1534-1914 Helmut Kallmann 1960

The History of Canada William Kingsford 2012-01 Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

The History of Canada John Mercier McMullen 1868

Undiplomatic History Asa McKercher 2019-04-30 When the field of Canadian history underwent major shifts in the 1990s, international history became marginalized and the focus turned away from foreign affairs. Over the past decade, however, the study of Canada and the world has been revitalized. Undiplomatic History charts these changes, bringing together leading and emerging historians of Canadian international and transnational relations to take stock of recent developments and to outline the course of future research. Following global trends in the wider historiography, contributors explore new lenses of historical analysis – such as race, gender, political economy, identity, religion, and the environment – and emphasize the relevance of non-state actors, including scientists, athletes, students, and activists. The essays in this volume challenge old ways of thinking and showcase how an exciting new generation of historians are asking novel questions about Canadians' interactions with people and places beyond the country's borders. From human rights to the environment, and from medical internationalism to transnational feminism, Undiplomatic History maps out a path toward a vibrant and inclusive understanding of what constitutes Canadian foreign policy in an age of global connectivity.

A History of the Canadian Peoples J. M. Bumsted 2022-02-02 A core text for introduction to Canadian history courses offered out of history departments nation-wide.

Historical Atlas of Canada: Addressing the twentieth century, 1891-1961 Geoffrey J. Matthews 1987-01-01 Uses maps to illustrate the development of Canada from the last ice sheet to the end of the eighteenth century

A History of Canadian Architecture Harold Kalman 1994

A Concise History of Christianity in Canada Terrence Murphy 1996 Organized along linguistic rather than denominational lines, it emphasizes the common experiences of the churches and the profound impact that Christianity has had on both French- and English-Canadian society and culture. Alongside the institutional development for the churches and the work of the clergy, it examines the religious outlook and practices of the laity, and how these have varied with gender, ethnic affiliation, and class; relations between denominations; missionary efforts, especially among the First Nations, and the responses to them; and the complex interactions between church and state.

Changing Women, Changing History Diana Lynn Pedersen 1996 Changing Women, Changing History is a bibliographic guide to the scholarship, both English and French, on Canadian's women's history. Organized under broad subject headings, and accompanied by author and subject indices it is accessible and comprehensive.

Canadian Women Gail Cuthbert Brandt 2010-12-13 The substantially revised and updated third edition of Canadian Women: A History continues to be the only comprehensive survey of the contributions, struggles and achievements of Canadian women. Drawing on the latest historical research, as well as government documents and other archival material, the authors provide new insights into the diverse experiences of women in Canada from the sixteenth century to the present. The text explores the themes of migration, marriage, family life, work, education, politics, and culture in the lives of Canadian women by means of an accessible narrative enhanced by graphics and photos.

A Brief History of Canada Roger E. Riendeau 2000 Explains forces that have driven Canada's development over the last four hundred years.

The IDB E. Ritchie Clark 1985

Challenge and survival H Herstein 1970

Oshawa: "The Crossing Between the Waters" M. McIntyre Hood 1967

Invisible Empire Jean-Guy Rens 2001 The Invisible Empire provides the first overview of Canadian telecommunications, from the laying of the first telegraph line between Toronto and Hamilton in 1846 to the separation between Nortel - then known as Northern Electric - and the American Bell System in 1956.

A History of Journalism in Canada Wilfred H. Kesterton 1967 1. The First Press Period: The Transplant, 1752 to 1807 -- 2. The Second Press Period: Thickening Growth, 1807 to 1858 -- 3. The Third Press Period: The Western Transplant and Spreading Growth, 1855 to 1900 -- 4. The Fourth Press Period: The Nutation, 1900 to 1867 -- 5. Journals and Journalism 6. Qualitative Developments: How the Daily Newspaper Changed During the Twentieth Century -- 7. Twentieth-Century Newspaper Content -- 8. The Development of Radio and Television -- 9. Canadian Press in the Twentieth Century.

The Order of Canada Christopher McCreery 2005-01-01 In 1966, a project to create a national honour for Canadians was begun. The first recipients of the Order of Canada were announced a year later, and in the nearly forty years since, the Order has become a symbol familiar to, and respected by, people from across the country. The spirit that motivates the Order of Canada - celebration, inclusion, and democracy - was born of the memories of Canada's earlier experience with honours. From initial distrust and misunderstanding to the awakening of a national identity, the development of the Order reflects the relationship Canadians have with their country, their government, their culture, and their heroes. The Order itself is a product of national identity, politics, and history, reflected by the significance of its recipients' accomplishments. Indeed, the Order's history is as fascinating as the more than 4000 Canadians who have received it. This first book-length history of the Order of Canada - and first major work on Canadian honours - by Christopher McCreery is a celebration of the Order and a close examination of its unique design and various early incarnations. McCreery provides both a history of the Order's beginnings and a

more general overview of trends in Canadian honours. Extensively illustrated with never-before-published photographs, *The Order of Canada: Its Origins, History, and Developments* pays tribute to the individuals who felt the need for a system of recognition for Canadians.

A Concise History of Canada's First Nations Olive Patricia Dickason 2006 *A Concise History of Canada's First Nations* is a concise version of the bestselling history of Canada's original inhabitants, Indians, Inuit, and Metis. Using an interdisciplinary approach that combines the techniques from history, anthropology, and archaeology, Dickason and Calder trace the history of the more than 50 First Nations in the territory that is now Canada, beginning with the arrival of people in North America across the Bering Strait many thousands of years ago.

History of the Methodist Episcopal Church in Canada Thomas Webster 1870

The Untold History of Canada Richard Saunders 2019-05-10 In this third volume of the series, we introduce the story of several leading nation builders of the 20th century whose lives and struggle have been obscured by establishment historians. We document for the first time in one location the interconnected networks of B.C.'s Premier W.A.C. Bennett, Canada's "Minister of Everything" C.D. Howe, Prime Minister John Diefenbaker, and Quebec's Premiers Maurice Duplessis, Paul Sauve and Daniel Johnson who were all aided by republican leaders of America and France during the post WWII period. These figures conducted a battle with the Rhodes Scholar-infested networks which have come to be known as the Deep State in our modern era, and in spite of their limitations, these figures all distinguished themselves by their genuine patriotism and love of scientific and technological progress. Providing an additional dimension to this story of Canada's untold history, researcher Richard Saunders has contributed a chapter entitled "The Ugly Truth of General Andrew Macnaughton". This important research ties into the Canadian aspect of the assassination of John F. Kennedy and sabotaging of the great North American Water and Power Alliance in a surprising manner as the myth of the heroic Macnaughton is put to rest.

The History of Canada: Canada under French rule William Kingsford 1889

History of Canadian Wealth Gustavus Myers 2004-09 An account of the development of Canadian industry. Myers lays bare the corruption, swindling, land deals, bribery that are the basis of Canadian history. The heroes of other history books come out looking quite different. The Canadian Pacific Railway, Hudson's Bay Company, Lord Selkirk, John A MacDonal, Laurier - all fall under Myers's scrutiny, and the facts he records about them are startling. Contents include: The Quest of Trade and New Sources of Wealth; The Ecclesiastical and Feudal Lords; The Hudson's Bay Company; Wars of the Fur Traders and Companies; The Landed and Mercantile Oligarchy; The Landed Proprietors; Revolt against Feudalism; Sovereignty of the Hudson's Bay Company; Passing of the Hudson's Bay Company's Sovereignty; Inception of the Railroad Power; First Period of Railway Promoters; Contest for the Pacific Railway; Era of Railway Magnates; Progress of the Railway Lords; Extension of Railway Possessions; Appropriation of Coal, Timber and Other Lands; and Distribution of Railway Subsidies. Gustavus Myers (1872-1942) was an American historian who worked on a number of newspapers and magazines in New York City, joined the Populist party and the Social Reform Club, and was a member (1907-12) of the Socialist party. Such books as *The History of Tammany Hall* (1901), *History of the Great American Fortunes* (1910), and *History of the Supreme Court of the United States* (1912) were detailed, realistic exposes through which Myers made his reputation in the muckraking era of American literature.

The History of Canada H. H. Miles 2015-07-13 Excerpt from *The History of Canada: Under French Regime, 1535-1763; With Maps, Plans, and Illustrative Notes* About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work.
