[Feasting Our Eyes](#) Laura Lindenfeld 2016-11-29 *Big Night* (1996), *Ratatouille* (2007), and *Julie and Julia* (2009) are more than films about food—they serve a political purpose. In the kitchen, around the table, and in the dining room, these films use cooking and eating to explore such themes as ideological pluralism, ethnic and racial acceptance, gender equality, and class flexibility—but not as progressively as you might think. *Feasting Our Eyes* takes a second look at these and other modern American food films to emphasize their conventional approaches to nation, gender, race, sexuality, and social status. Devoured visually and emotionally, these films are particularly effective defenders of the status quo. *Feasting Our Eyes* looks at Hollywood films and independent cinema, documentaries and docufictions, from the 1990s to today and frankly assesses their commitment to racial diversity, tolerance, and liberal political ideas. Laura Lindenfeld and Fabio Parasecoli find women and people of color continue to be treated as objects of consumption even in these modern works and, despite their progressive veneer, American food films often mask a conservative politics that makes commercial success more likely. A major force in mainstream entertainment, American food films shape our sense of who belongs, who

has a voice, and who has opportunities in American society. They facilitate the virtual consumption of traditional notions of identity and citizenship, reworking and reinforcing ingrained ideas of power.

GET-THIS Series I/2010/2 Domestic Goddess-Not Cookbook Story by Betsy Papakyriakou 2010-09-14
What this book is not: It isn't a traditional cookbook. What you will not find in this book: Recipes for any of the meals and desserts on the cover. Those were made by professional chefs in fantastic establishments, and have been consumed by countless people, myself included, all of whom paid top Dollar for the pleasure. What you will find in this book: The story behind whatever's on each page; a list of ingredients; a "method"; and a couple of interesting web sites. Oh, and some cookery terminology. I am a writer, but I don't really cook. Or bake. Or blanch "what's that anyway?" "Make what or anything goes" as in carte blanche? I come from a line of great cooks, and have had several good cooks in my midst who feed me and others, so why, pray, do I need to jump on this particular bandwagon. I know which things I'm good at, hence this book. It's not about the recipes; it's about the stories. Trust me, I'm a writer.

Kitchen Nigella Lawson 2011-11-30 Kitchen tells the story of the life of the kitchen, through the food we eat now and the way we live, in the most important room of the house. Compendious, informative and utterly engaging, Kitchen brings us feel-good food for cooks and eaters that is comforting but always seductive, nostalgic but with a modern twist — whether express-style easy-exotic recipes for the weekday rush, leisurely slow-cook dishes for weekends and special occasions, or irresistible cakes and cookies as the Domestic Goddess rides again. It answers everyday cooking quandaries — what to give the kids for lunch, how to rustle up a meal for friends in moments, or what to do about those black bananas, wrinkled apples and bullet-hard plums — and since real cooking is so often about leftovers, here one recipe can morph into another... from ham hocks to pea soup and pasties, from chicken to Chinatown salad. This isn't just about being thrifty but about being creative and seeing how recipes come about and evolve. As well as offering the reader a mouthwatering array of inspired new recipes from clams with chorizo to Guinness gingerbread, from Asian braised beef to flourless chocolate lime cake, from pasta Genovese to Venetian carrot cake — Nigella rounds up her no-nonsense Kitchen Kit and Caboodle must-haves (and, crucially, what isn't needed) in the way of equipment and magical standby ingredients. But above all, she reminds the reader how much pleasure there is to be had in real food and in reclaiming the traditional rhythms of the kitchen, as she cooks to the beat of the heart of home, creating simple, delicious recipes to make life less complicated. The expansive, lively narrative, with its rich feast of food, makes this new work a natural 21st-century successor to Nigella's classic How To Eat, this time with a wealth of photographs from the instructive to the glorious.

The Minoan-Mycenaean Religion and Its Survival in Greek Religion Martin Persson Nilsson 1971
The Trouble and Strife Reader ebooke Deborah Cameron 2009-11-01 From 1983 to 2002, Trouble and Strife: The Radical Feminist Magazine was a distinctive voice in British feminism. It was the longest-surviving completely independent feminist periodical published in this period and it combined the intellectual depth of an academic journal with the accessibility, topicality and visual appeal of commercial feminist magazines such as Everywoman and Spare Rib. Featuring articles by internationally prominent feminists including Julie Bindel, Deborah Cameron, Beatrix Campbell, Patricia Duncker, Liz Kelly and Diana Leonard, it represented a particular current in feminism, radical rather than liberal, materialist but not marxist, anti-essentialist but not postmodernist. It regularly challenged orthodoxies on controversial issues such as ritual abuse or the sexual politics of religious fundamentalism. This is a collection of the best and most enduring articles published in the magazine during its 20-year life. It offers a unique historical record of an important strand of radical feminist debate, enabling old readers to revisit it and new readers to discover it.

Taste Sarah E. Worth 2021-11-11 A thoughtful consideration of taste as a sense and an idea and of how we might jointly develop both. When we eat, we eat the world: taking something from outside and making it part of us. But what does it taste of? And can we develop our taste? In *Taste*, Sarah Worth argues that taste is a sense that needs educating, for the real pleasures of eating only come with an understanding of what one really likes. From taste as an abstract concept to real examples of food, she explores how we can learn about and develop our sense of taste through themes ranging from pleasure, authenticity, and food fraud, to visual images, recipes, and food writing.

The Ukrainian in Me Kevin Zdrill 2015-06-15 When thirty-year-old independent web designer Larissa Androshchuk separates from her husband after nine months, one day, and a morning, she blames it on the Ukrainian curse that has dogged her family for generations; she believes that all Androshchuks are destined to fail at whatever they do. Larissa moves back to her former room in the basement of her parents' Manitoba house, where she starts posting a blog venting her fears and frustrations. In spite of her uncertain and possibly ill-fated future, she is determined to break free of the family shackles. Larissa embarks on a complete makeover as a prelude to a triumphant return to the dating scene, turning for help to her best friend, Bernadette; her Internet-savvy cousin Garth; her middle-aged diva aunt Tina; and her ninety-one-year-old pierogi-making baba. But the men she encounters turn out to be even more damaged than her ego. Meanwhile, Larissa's father unabashedly takes to restoring the tarp-covered twenty-year-old Chrysler in the backyard to ensure her stay in their house will be short-lived, making her life even more uncomfortable. When an unexpected opportunity presents itself, Larissa sees this as her last shot to take control and leap free from her fate. But can she escape the curse long enough to turn her life around?

Men, Caregiving and the Media Sarah C. Hunter 2019-12-20 Analysing diverse media representations of men who provide primary care to their children, this book demonstrates how the practice of fatherhood – and of masculinity – is changing, and the ways media representations sensationalise and reinforce gender inequities in regards to carework. This book examines disparities between practices of carework amongst heterosexual couples and media representations of men who provide primary care, whilst also including a discussion of media accounts of primary caregiving amongst gay couples. The

book also provides a detailed analysis of the relationship between care labor and public understanding of masculinity. Assessing whether media accounts of fathers who provide primary care undermine egalitarian approaches to the division of labor amongst heterosexual couples, this book is a vital intervention into public discourse about masculinity, fathering and caregiving. This book will be an important resource for students, researchers, educators and practitioners as it brings together a range of in-depth literatures, and empirical analyses to provide a clear overview of contemporary fathering. It will be essential reading in the fields of gender studies and masculinity studies, together with sociology of families, cultural studies, social psychology and social policy.

Cake: A Slice of History Alysa Levene 2016-02-25 If you have wondered about the stories behind the cakes made on the Great British Bake Off or the difference between a Victoria sandwich and a sponge cake (especially if Mary Berry or Nigella Lawson is not to hand), this is the book for you. Baking has always been about memories passed down through families and Alysa Levene will take you through this compelling social history of baking. 'My sister had three wedding cakes. Rather than spend a lot of money on a traditional cake she asked our grandmother, our mother, and our step-mother to make their signature bakes. My grandmother made the rich fruit cake she always baked at Christmas. My mother made a chocolate sponge which we called Queenie's Chocolate Cake after the great aunt who gave her the recipe; it appeared at almost every one of our birthdays in one guise or another. And finally, my step-mother made chocolate brownies (Nigella Lawson's recipe, if you'd like to know), whose sticky, pleasurable unctuousness is fully explained by the amount of butter they contain. 'In our family, as in many others, these familiar cakes are the makers of memories. My siblings and I took this idea into our adult lives, and now bake for our own families. But it wasn't until I developed an interest in the history of food that I started to think about the deeper significance of these tasty treats. What does cake mean for different people? How have we come to have such a huge variety of cakes? What had to happen historically for them to appear? And what can they tell us about the family, and women's roles in particular? I wrote this book to find out the answers.' What follows is a journey from King Alfred to our modern-day love of cupcakes, via Queen Victoria's patriotic sandwich, the Southern States of America, slavery and the spice trade, to the rise of the celebrity chef . . . and so much more.

Housewife Superstar Danielle Wood 2011-10-31 Housewife Superstar is the life story of eccentric Tasmanian domestic goddess, Marjorie Bligh. Now 94 years old, Marjorie is the author of a library of advice books covering topics including food, household management, health and beauty, poetry, gardening and recycling. Marjorie is the go-to-girl for all manner of problem-solving. She knows what to do when a goldfish has constipation (feed it Epsom salts), and what to do when you run out of rouge (cut a beetroot in half and slap it on your cheeks). Famous for never wasting a thing, Marjorie has constructed a museum within her own home to show off the various items she has knitted and crocheted out of such unlikely materials as plastic shopping bags and used pantyhose. Her abundant garden is staked out with old-fashioned corset brassieres that function as plant protectors. Sensationally thrice-married (once divorced and twice widowed), Marjorie is, according to her colossal fan Barry Humphries, 'no slouch in the matrimonial department'. Her short-lived second marriage, to preacher and schoolteacher Adrian Cooper, was punctuated by endless love notes, breakfasts in bed and territorial catfights with Adrian's adult daughters. Following Adrian's death, Marjorie met her third husband Eric Bligh – a bus driver – on a CWA outing, snagging him with promises of fruitcake and flirtatious glances in his rear view mirror. Housewife Superstar is an illuminating look at a true Australian treasure. Marjorie Bligh will soon be a household name.

How to Be a Domestic Goddess Nigella Lawson 1998-08 Nigella Lawson's "How to Be a Domestic Goddess" is about not only baking, but the enjoyment of being in the kitchen, taking sensuous pleasure in the entire process, and relishing the outcome. Nigella's deliciously reassuring and mouthwatering cookbook demonstrates that it's not terribly difficult to bake a batch of muffins or a layer cake, but the appreciation and satisfaction they bring are disproportionately high. At last, a book that understands our anxieties, feeds our fantasies, and puts cakes, pies, pastries, breads, and biscuits back into our own kitchens.

But the stubborn single mom's desire to succeed—and her beautiful eyes—soon got under his skin, while Kit's ideas breathed life into his publication. Working closely day after day, Cal began to forget the most important rule of all: Never mix business with pleasure....

Her latest book explores the story of modern food culture with the creators of lifestyle and food TV and with the academics carving a new world in food and media studies. Taste and the TV Chef investigates how television changed the way Britain eats and sold it to the world. While cooking shows are far from new they have exploded in popularity in recent years and changed consumption patterns at a time when what we eat has an enormous impact on climate change. What was once merely a genre is now a full-blown phenomenon: never before has food been so photographed, fawned over, fetishized and celebrated as various answers to saving the planet. Celebrity chefs and so-called 'foodies' have risen to new levels of fame, and the cultural capital of cooking has never been so valuable. Looks at the influence of chefs like Jamie Oliver, Nigella Lawson and Gordon Ramsay and the role of TV storytelling in transforming how and what we consume. A ground-breaking contribution to food and media studies which includes rare interviews with the producers who created some of the most influential stories on television ever told, Taste and the TV Chef investigates how food and lifestyle TV changed the way an entire country ate, and then fed it to the rest of the world. Main academic readership will be scholars, researchers and students in cultural studies, media studies. Also practitioners and students in the field of TV production and writing. Will also appeal to anyone with an interest in the development of food TV and the rise of the TV chef.

Food Media Signe Rousseau 2013-05-09 There have been famous chefs for centuries. But it was not until the second half of the twentieth century that the modern celebrity chef business really began to flourish, thanks largely to advances in media such as television which allowed ever-greater numbers of

people to tune in. Food Media charts the growth of this enormous entertainment industry, and also how it has become under the threat of the obesity "epidemic," some of its stars have taken on new authority as social activists, while others continue to provide delicious distractions from a world of potentially unsafe food. The narrative that joins these chapters moves from private to public consumption, and from celebrating food fantasies to fueling anxieties about food realities, with the questionable role of interference in people's everyday food choices gaining ground along the way. Covering celebrity chefs such as Jamie Oliver and Rachael Ray, and popular trends like foodies, food porn and fetishism, Food Media describes how the intersections between celebrity culture and food media have come to influence how many people think about feeding themselves and their families - and how often that task is complicated when it need not be.
