## *Theories of International Migration: A Review and Appraisal - JSTOR*

**Neoclassical economics: Macro theory** Probably the oldest and best-known theory of international migration was developed originally to explain labor migration in the process of economic development (Lewis, 1954; Ranis and Fei, 1961; Harris and Todaro, 1970; Todaro, 1976). According to this theory and its extensions, international migra-

## The Algorithm Design Manual - Marmara

I have been gratified by the warm reception the first edition of The Algorithm De-sign Manualhas received since its initial publication in 1997. It has been recognized as a unique guide to using algorithmic techniques to solve problems that often arise in practice. But much has changed in the world since the The Algorithm Design

## SECOND LANGUAGE ACQUISITION - UMass
