Public International Law John H. Currie 2008 This edition is a significant revision of the 2001 text and is a systematic introduction to the international legal system.

Torture as Tort Craig M. Scott 2001-05 MALCOLM EVANS and ROD MORGAN

Canadian Books in Print. Author and Title Index 1975

International & Transnational Criminal Law Robert John Currie 2010 However, as it is part of the "Essentials of Canadian Law" series, a major goal of the book is to explore fully the nexus between these bodies of international law and Canadian domestic law--and help Canadian courts and lawyers engage successfully with the international aspects of the cases they work on. Accordingly, the book contains: a stand-alone chapter on the prosecution of international crimes before Canadian courts; a detailed examination of how the various transnational crime treaties are implemented in Canadian law; and a full chapter on Canadian extradition and mutual legal assistance law and practice.

Canadian Anti-Fraud Practice Lyndon Maither, B.Comm A narrative of some issues in anti-fraud practice in Canada.

Remedies Jamie Cassels 2014 The law of judicial remedies, which includes the law of damages, ranges over the entire field of substantive private law, including the law of contract, tort, and property. In a pragmatic sense, an examination of the issue of remedies is crucial to civil litigators in that it provides critical insights into specific legal rules and arrangements. From a theoretical perspective, an understanding of the principles governing the choice of remedies and the methods of quantifying damages reveals much about the nature of the common law process. Remedies: The Law of Damages both a succinct handbook for the practitioner and a rich entry point to the study of judge-made law. Highlights in the third edition include recent developments regarding remedies for breach of contract with alternative modes of performance and wrongfully dismissed employees' entitlement to discretionary benefits. There have been substantial revisions to chapters dealing with damages for personal injury, restitutionary remedies, certainty and causation, remoteness of damages, mitigation, and reasonableness of liquidated damages clauses.

The Law of Torts Philip H. Osborne 2011 The Law of Torts by Philip Osborne is an indispensable resource for practitioners, judges, and students seeking a concise and accessible introduction to the

principles of tort law in Canada, the social policies underlying the law, and current trends in judicial decision-making. The book reviews the foundations, characteristics, and objectives of tort law generally with specific discussion of the central concepts of negligence, intentional torts, strict liability and vicarious liability, nuisance, and defamation. It provides insightful analysis of the relationships between tort law and other branches of private law, including contract law and restitution, and public law, particularly the Charter of Rights and Freedoms. The fourth edition includes new sections dealing with negligent investigations, malicious prosecution and Crown prosecutors, responsible communication on a matter of public interest, reportage, and cyber-defamation. The Canadian law of torts is described as it was on 1 January 2011.

Conflict of Laws Stephen G. A. Pitel 2000 Explains and analyzes the rules of the conflict of laws in force in common law Canada in a clear and concise manner.

The Canada Law Journal James Patton 1868 Includes section "Book reviews."

Tort Law in Bangladesh Sakif Alam 2021 "This book explores the use of tort laws in Bangladesh, outlining critical studies and cases on key concepts such as nuisance, negligence, and liability. Drawing from case studies from the UK, USA, Canada, Australia, and India, the volume comparatively analyses various aspects of tort laws including its efficacy, issues of determination and monetary considerations. It scrutinizes academic literature and prominent cases such as Bangladesh Beverage Industries Ltd v Rowshan Akhter and Children Charity Bangladesh Foundation v Government of Bangladesh among others to examine the objective and use of tort laws in Bangladesh. It also explores fundamental misconceptions related to the use of torts, protection of public and private rights, formalization of tort cases in courts, the types of legal remedies for injuries and more. Lucid and topical, this book will be an essential read for scholars of law, tort law, constitutional law, civil and criminal law as well as for legal professionals especially those concerned with Bangladesh"--

Canadian Law and Business Studies Richard O. Gasparini 2022-07-29 Canadian Law and Business Studies presents a succinct overview of law and business for students at an introductory level. Organized into 20 chapters—which include topics such as rights and freedoms, privacy, confidentiality, land claims, and the environment—this book is designed to be a compact guide of the most essential legal rules in point form. It engages readers by delving into contemporary topics such as online pirating, cell phone contracts, vaccine mandates, careless driving, social media, sniffer dogs, international intrigue, Kyoto (1997), and Glasgow (2021). The book covers a wide range of discussion areas including Indigenous rights, partnerships, companies, oppression, securities, insolvency, negligence, contracts, property, mortgages, copyright, employment, consumerism, discrimination, harassment, and world trade. It is well suited for instructors and students interested in law and social justice, general business, or business administration, and for those studying to qualify as law clerks or paralegals. Each chapter is concluded with an accessible essay that highlights and consolidates key takeaways for the reader. Features: - A unique point-form format makes this book easier to use than checking Wikipedia - Streamlined, without the bulk and complicated jargon of traditional law textbooks - Created by authors who have over 60 years of practical field experience and are practiced post-secondary instructors - Robust instructor resources with detailed usage notes, classroom-favourite examples, and more

The Canada Law Journal 1870

The Law of Torts, 6/e Philip H. Osborne 2020-03-09 The Law of Torts is an indispensable resource for those seeking a concise and accessible introduction to the principles of tort law. The sixth edition explores current trends in judicial decision-making. The text also discusses new initiatives in the areas of privacy, human trafficking, and anti-SLAPP legislation.

Immigration Law Jamie Chai Yun Liew 2015 This book builds upon the first edition as an introductory guide to immigration, refugee, and citizenship law. Its aim is to provide an overview, or a starting point, both for those who want to investigate the mechanics of Canada's immigration regime and for those who want to assess, critique, or question the aims and impacts of the law.

Media Law Robert Martin 1997 Media Law is written for anyone whose day-to-day livelihood depends on, or is affected by, the publication, broadcast, or transmission of information and opinion in what is known as the mass media. For the practising lawyer, the book will serve as an indispensable desk reference; for the working journalist, it is a lexicon of conduct. Students of law or journalism will find the book an accessible and authoritative text—one that they will refer to often during their academic careers and throughout their professional lives. The central concept around which the book is organized is freedom of expression. In Media Law, Professor Martin brings together elements from a number of different areas of the law, including criminal law, constitutional law, and the law of torts, in a lively treatment of the legal framework within which journalists work.

Ethics and Canadian Criminal Law Michel Proulx 2001 This text provides a thoughtful survey of the most important ethical issues faced by criminal lawyers in Canada today. Each chapter provides a detailed discussion of a particular issue with both real and hypothetical examples, analyzes the case law involved, and suggests ways in which the issue may be handled.

Environmental Law Jamie Benidickson 2002 Of serious and persistent concern to most Canadians, environmental protection is governed by a complex and controversial legal regime that is affected by constitutional division of jurisdiction, corporate and taxation laws, international trade law, and traditional private law doctrines such as torts and contract law. Statutes and regulations that are specifically designed to protect the environment, and the institutional frameworks within which they operate, are often the subject of competing political agendas. This authoritative book describes the evolution and current practice of environmental law and policy in Canada. It will be of interest to concerned individuals, environmental groups, corporate officials, technical and scientific experts, public servants, and legal professionals whose practice is increasingly affected by environmental considerations.

Remedies Jamie Cassels 2000

Canadian Landmark Cases in Forensic Medical Health Graham Glancy 2020 This book provides in-depth discussions of the political and social contexts surrounding key cases in forensic mental health.

Law of Tort John Cooke 2007 John Cooke's Law of Tort is a trusted, clear and engaging explanation of the main principles of tort law, written specifically with the student in mind. It also includes a statute section at the end of the text and summaries of the main cases throughout meaning that students have everything they need to gain a good understanding of the law at their fingertips.

Tort Law in Bangladesh Sakif Alam 2021-11-30 This book explores the use of tort laws in Bangladesh, outlining critical studies and cases on key concepts such as nuisance, international torts, negligence, and liability. Drawing from case studies in the UK, USA, Canada, Australia, and India, the volume comparatively analyses various aspects of tort law including its efficacy, issues of determination and monetary considerations. It scrutinizes academic literature and prominent cases such as Bangladesh Beverage Industries Ltd v Rowshan Akhter and Children Charity Bangladesh Foundation v Government of Bangladesh among others to examine the objective and use of tort law in Bangladesh. It also explores fundamental misconceptions related to the use of torts, protection of public and private rights, formalization of tort cases in courts, types of legal remedies for injuries, and more. Lucid and topical, this book will be an essential read for scholars of law, tort law, constitutional law, civil and criminal law as well as for legal professionals especially those concerned with Bangladesh.

Tort Law: Challenging Orthodoxy Stephen G.A. Pitel 2014-07-18 In this book leading scholars from the United Kingdom, the United States and Australia challenge established common law rules and suggest new approaches to both old and emerging problems in tort law. Some of the chapters consider broad issues such as the importance of flexibility over certainty in tort law, connections between tort law and human flourishing and the indirect effects of changes in tort law. Other chapters engage more specific topics including the role of vindication in tort law, the relationship between criminal law and tort law, the use of epidemiological evidence in analysing causation, accessory liability in tort law, the role of malice in intentional torts and the role of statutes in tort law. They propose new approaches to contributory negligence, emotional distress, loss of a chance, damages for nuisance, the tort of conspiracy and vicarious liability. The chapters in this book were originally presented at the Sixth Biennial Conference on the Law of Obligations at Western University in London, Ontario in July 2012. They will be highly useful to lawyers, judges and scholars across the common law world.

Conflict of Laws Stephen G. A. Pitel 2010 Explains and analyzes the rules of the conflict of laws in force in common law Canada in a clear and concise manner.

Damage Caused by Genetically Modified Organisms Bernhard A. Koch 2010-10-28 The debate about the use of genetically modified organisms is fuelled by the fear of potential hazards of GM farming. Classic tort law already offers remedies should such risks materialize. In some countries, this is enhanced or replaced by alternative redress schemes. This volume compares more than twenty jurisdictions in this respect, provides special analyses from an economic and insurance perspective and also addresses cross-border problems and international law.

The German Law of Torts Basil S Markesinis 2002-06-10 Since its first appearance in 1986 this book has won uniform praise from many of the world's leading comparatists, has been acclaimed by senior judges and has been cited by the courts of many countries. This new edition of the work, substantially re-written and systematically up-dated, contains over 150 leading judgments, most translated in their entirety, along with references to over 2000 other decisions from Germany and the Common law world. While the book remains an ideal tool for teaching comparative torts and comparative methodology, the fact that it has been extensively rewritten and enlarged now also makes it an indispensable source of inspiration for those with a professional interest in tort litigation and tort reform. Topics discussed include economic loss, psychiatric injury, wrongful birth, life and sterilisation cases, products liability, traffic accidents, accidents at work, environmental liability and compensation for personal injuries and death.

Canadian Books in Print Marian Butler 2002-02 CBIP is the complete reference and buying guide to English-language Canadian books currently in print; consequently, the Author and Title Index, Subject Index and microfiche editions are indispensable to the book profession. With submissions from both small and large publishers, CBIP provides access to titles not listed anywhere else.

Containing more than 48,000 titles, of which approximately 4,000 have a 2001 imprint, the Author and Title Index is extensively cross-referenced. The Subject Index lists the titles under 800 different subject categories. Both books offer the most complete directory of Canadian publishers available, listing the names and ISBN prefixes, as well as the street, e-mail and web addresses of more than 4,850 houses. The quarterly microfiche service provides updated information in April, July and October. CBIP is constantly referred to by order librarians, booksellers, researchers, and all those involved in book acquisition. In addition, CBIP is an invaluable record of the vast wealth of publishing and writing activity in the scientific, literary, academic and arts communities across Canada. A quarterly subscription service including the annual Author and Title Index (March 2001) plus quarterly microfiche updates (April, July, and October 2001) is also available. ISBN 0802049567 \$220.00 NET.

Insurance Law Denis W. Boivin 2015 Insurance is everywhere in Canadian society: health, employment, transportation, commerce, industry, and communications are all sectors of activity affected by insurance. Whether public or private, compulsory or voluntary, insurance touches everyone on a daily basis. Where there are risks, there is a need for insurance -- and one cannot live in the twenty-first century without encountering risk day in and day out. The ubiquity of insurance comes at a cost. This price is paid by all Canadians and not only by those who hold insurance policies. Every year, Canadian policyholders pay billions of dollars in premiums to private insurance companies. Regulation is another consequence of the prevalence of insurance. Canadian insurance law is a complex mixture of federal and provincial legislation, common law, and custom. This book offers a detailed survey of this regulatory patchwork, divided into three parts. Part 1 provides an introduction to the creation and enforcement of insurance contracts. The subject of Part 2 is the creation of an enforceable insurance contract. Part 3 examines the principles applicable to the enforcement of insurance contracts.

LAW OF TORTS (DIGITAL EDITION). Philip H. Osborne In this thoroughly revised and updated second edition of The Law of Torts, Professor Osborne provides a concise and accessible introduction to the essential principles of tort law and to the social policies that support these principles. The book is written for students who are coming to the study of torts for the first time and for practitioners who may be looking for an up-to-date refresher of the basic principles underlying judicial policies and current trends. Professor Osborne reviews the foundations, characteristics, and objectives of tort law generally with specific discussion of the central concepts of negligence. He concludes with an insightful commentary on the present state of tort law in Canada and its future as we move into the 21st century. The book includes an extensive glossary of terms.

Smith & Hogan's Essentials of Criminal Law John Child 2015 'Smith and Hogan's Essentials of Criminal Law' combines the authority you would expect from a Smith and Hogan title with succinct coverage and a wealth of student friendly learning features to aid study.

Canadian Edition of the Law of Torts John Frederic Clerk

Vicarious Liability in the Common Law World Paula Giliker 2022 "This book is the one place to find unprecedented access to case-law, doctrinal debates and comparative reflections on vicarious liability from across the common law world. The doctrine of vicarious liability, that is strict liability for the torts of others, represents one of the most controversial areas of tort law. Unsurprisingly it is a doctrine that has been discussed in the highest courts of common law jurisdictions. This collection responds to uncertainties as to the operation of vicarious liability in twenty-first century tort law by looking at key common law jurisdictions and asking expert scholars to set out and critically analyse the law, identifying factors influencing change and the extent to which case-law from other common law jurisdictions has been influential. The jurisdictions covered include Canada, England and Wales, Australia, Singapore, Ireland, Hong Kong and New Zealand. In providing critical analysis of this important topic, it will be essential and compelling reading for all scholars of tort law and practitioners working in this field"--

The Law of Intervening Causation Douglas Hodgson 2016-12-05 Utilizing a comparative examination of case-law from England, Canada, the USA, Australia, New Zealand and Ireland, this volume provides a comprehensive and systematic study of the law of intervening causation (novus actus interveniens) to present an analysis of this particular judicial limitation of liability device. The work provides a structure from which to formulate core general legal principles and identify the various legal tests utilized by the courts.

The Canadian Law Times 1888 From 1900 to 1908 includes the "Annual digest of Canadian cases ... decided in the Judicial Committee of the Privy Council, in the Supreme and Exchequer Courts of

Canada, and in the courts of the provinces ... Edited by Edward B. Brown."

National Security Law Craig Forcese 2008 National Security Law is a comprehensive handbook that focuses on the law and legal instruments governing the Canadian state's response to events that jeopardize its national security. This text, part of Irwin Law's Essentials of Canadian Law series, is informed by international and comparative law. It is up to date to the end of July 2007.

*Disgorgement of Profits Ewoud Hondius 2015-08-12 Disgorgement of profits is not exactly a household word in private law. Particularly in civil law jurisdictions – as opposed to those of the common law – the notion is not well known. What does it stand for? It is best illustrated by examples. One of the best known being the British case of *Blake v Attorney General*, [2001] 1 AC 268. In which a double spy had been imprisoned by the UK government before escaping and settling in the former Soviet Union. While there wrote a book on his experiences, upon which the UK government claimed the proceeds of the book. The House of Lords, as it then was, allowed the claim on the basis of Blake's breach of his employment contract. Other examples are the infringement of intellectual property rights, where the damages of the owner are limited, but the profits of the wrongdoer immense. In such cases, the question arises whether the infringing party should be disgorged of his profits. This volume aims at establishing the notion of disgorgement of profits as a keyword in the discourse of private law. It does not purport to answer the question whether or not such damages should or should not be awarded. It does however aim to contribute to the discussion, the arguments in favour and against, and the organisation of the various actions.*

*A Catalogue of the Law Collection at New York University Julius J. Marke 1953 Marke, Julius J., Editor. A Catalogue of the Law Collection at New York University With Selected Annotations. New York: The Law Center of New York University, 1953. xxxi, 1372 pp. Reprinted 1999 by The Lawbook Exchange, Ltd. LCCN 99-19939. ISBN 1-886363-91-9. Cloth. \$195. * Reprint of the massive, well-annotated catalogue compiled by the librarian of the School of Law at New York University. Classifies approximately 15,000 works excluding foreign law, by Sources of the Law, History of Law and its Institutions, Public and Private Law, Comparative Law, Jurisprudence and Philosophy of Law, Political and Economic Theory, Trials, Biography, Law and Literature, Periodicals and Serials and Reference Material. With a thorough subject and author index. This reference volume will be of continuous value to the legal scholar and bibliographer, due not only to the works included but to the authoritative annotations, often citing more than one source.
