Crafting Comparison Papers Marcia S. Freeman 2013 Since comparison papers require students to describe both similarities and differences, they are often used as assessment tools in just about every subject. For this reason alone, developing writers should be taught how to craft effective comparison papers. But teaching your students how to compose comparison papers also has a larger impact on their education--it prepares them to think more analytically, perform better in complex testing situations, and compare texts. In **Crafting Comparison Papers, Marcia S. Freeman** fully explains the four instructional steps that develop comparison skills: understanding the concept of attributes; organizing attributes for comparison; building clear, coherent comparative paragraphs; and assembling effective comparison papers. She includes lessons with specific Target Skills(TM) to support your students' progress, and she suggests timelines that will help you plan your curriculum. Throughout, Freeman's comprehensive approach and clear instructions make this book a unique and valuable resource for any teacher of developing writers.

In koelen bloede Truman Capote 2015-04-01 In november 1959 leest Truman Capote in The New York Times een bericht over het boerengezin Clutter in Holcomb, Kansas, dat bruto uitgeroofd door twee jonge criminelen. Hij stort zich op de zaak en besluit deze tot het onderwerp te maken van een roman. Zes jaar lang doet hij onderzoek, hij interviewt alle betrokkenen en begeleidt de moordenaars tijdens hun laatste gang naar hun executie op 14 april 1965. In koelen bloede is de magistrale reconstructie van een gruwelijke moordzaak, waarin Capote de kunst van de romanschrijver paart aan de techniek van de journalist. Capote laat zien hoe één enkele daad van stompzinig geweld talloze levens voor altijd verandert.
