Penelope's Progress - Complete Collection Kate Douglas Wiggin 2022-11-13 Penelope Hamilton is a young American lady, who travels abroad to Europe with two of her friends, Francesca and Salemina. Salemina is a classy woman, sophisticated and open to world, while Francesca is inflexibly, almost aggressively American. Together these ladies discover the British Isles, experiencing differences of England, Scotland and Ireland, and going through few adventures of their own, including romances, affairs and a marriage. For the final adventure, they cross to the main land and find their selves in the hills of Switzerland and in the sunny Venice. Kate Douglas Wiggin (1856-1923) was an American educator and author of children's stories, most notably the classic children's novel Rebecca of Sunnybrook Farm. She started the first free kindergarten in San Francisco in 1878 (the Silver Street Free Kindergarten). With her sister during the 1880s, she also established a training school for kindergarten teachers. Kate Wiggin devoted her adult life to the welfare of children in an era when children were commonly thought of as cheap labor. Little Red Book Grammar Made Easy Terry O'Brien 2011 If you kick a ball randomly would you know how to play football? No. You can play football only if you know the grammar of the game. Apply the rules. Minimum grammar is no grammar at all. Grammar is the logic of speech, even as logic is the grammar of reason. Little Red Book of Grammar makes grammar easy. Structural grammar matters. Syntax and accidence count. Dont just know definitions; it is application that matters. The sense of language is what make the music of language.

The Little Red Writing Book Deluxe Edition Brandon Royal 2013-01-01 For Writing and Grammar Aficionados from All Walks of Life This deluxe edition contains the complete contents of "The Little Red Writing Book" and "The Little Gold Grammar Book." Whereas writing is based on principles in which writing is deemed better or worse, more effective or less effective grammar is based on rules, in which writing is deemed right or wrong, correct or incorrect. With coverage of the most useful writing principles and the most commonly encountered rules of grammar, "The Little Red Writing Book Deluxe Edition" is an invaluable guide for anyone who wants to master those skills that will make a good writer even better. Enjoy the benefits of your own self-paced writing course: Writing has four pillars structure, style, readability, and grammar and each pillar is like the single leg of a sturdy chair. *Structure

relates to organization and deciding in which order to present your ideas. Learn how to choose the best writing structure to develop your ideas, how to break your writing topic into two to four parts, and how to write with a top-down approach. *Style describes how one writes, including how to use specific examples to support what is written. Learn how to make writing more simple, powerful, and vivid. Understand how to vary sentence beginnings, how to create a formal and informal tone, and how to keep writing gender neutral. *Readability focuses on presentation and how to make your document visually pleasing and easy to read. Learn how to make key words stand out, how to use headings and headlines to frame writing, and how to increase the use of white space to allow your document to breathe. *Grammar is about expressing language in a correct and acceptable form. Review the rules of grammar in terms of six common categories (subject-verb agreement, pronoun usage, modification, parallelism, comparisons, and verb tenses), and use short exercises and problems to help integrate key concepts of grammar, diction, idioms, and style. *Also included are special sections on editing tips and punctuation, American English vs. British English, and traditional writing vs. digital writing. Author's bio: Brandon Royal is an award-winning writer whose educational authorship includes "The Little Red Writing Book, The Little Gold Grammar Book, The Little Green Math Book, The Little Blue Reasoning Book, " and "Reasoning with Numbers." During his tenure working in Hong Kong for US-based Kaplan Educational Centers a Washington Post subsidiary and the largest test-preparation organization in the world Brandon honed his theories of teaching and education and developed a set of key learning principles to help define the basics of writing, grammar, math, and reasoning. A Canadian by birth and graduate of the University of Chicago's Booth School of Business, his interest in writing began after completing writing courses at Harvard University. Since then he has authored a dozen books and reviews of his books have appeared in "Time Asia" magazine, "Publishers Weekly, Library Journal of America, Midwest Book Review, The Asian Review of Books, Choice Reviews Online, Asia Times Online, " and About.com. Brandon is a five-time winner of the International Book Awards, a five-time gold medalist at the President's Book Awards, as well as a winner of the Global eBook Awards, the USA Book News Best Book Awards, and recipient of the 2011 Educational Book of the Year award as presented by the Book Publishers Association of Alberta. Appropriate for its audience of ambitious students and professionals those who have plenty of brains, but need a little brush-up with the pen. --Publishers Weekly Online Reviews

Bloomsbury Grammar Guide Gordon Jarvie 2007-05-31 Grammar, the structure of a language, is often the subject of confusion. The Bloomsbury Grammar Guide is an easy-to-use handbook which provides the answers. Updated and revised throughout, the new edition is essential reading for all writers and readers of our increasingly dynamic and global language. It contains: - Words, phrases, sentences and clauses - Punctuation - where and how to use everything from the colon to the slash - Figures of speech and literary devices - Common errors - an A-Z list of easily confused words 'A Cook's tour of the English language' Oxford Times

Educational Times 1886

THE ART OF THINKING ERNEST DIMNET 101-01-01 What writer would dare to appropriate Voltaire's verse in *Le Pauvre Diable*, and would dare to say of his reader: *Il me choisit pour l'aider à penser?* Yet, it is a fact that millions of men and women are anxious to take lessons in the *Art of Thinking* and that some other men and women have to take the risk of seeming presumptuous in offering those lessons. Anybody who does it need not be a genius. Genius has never been supposed to be a particularly good teacher of any art. It is better that the teacher of the *Art of Thinking* should not be a person who knows no difficulty in thinking, or produces such brilliant thoughts that they will be disheartening to the tyro. A delicate physician does not give the example of health—any woodsman can do that—he only gives the example of a small capital of health intelligently increased: yet, we know he can be more useful from his comprehension of indifferent health and from his appreciation of hygiene, and we often prefer him. The author of this book is certainly not prepared to say that he has acted, or even is now acting, up to his own principles; still he is not bragging in saying that he has probably felt their value more than many people nearer to genius than he is. Is not this enough? And is not a keen desire to be of use a sufficient claim to give modest advice? The reader will soon find that this book, whatever its shortcomings, has been written for him. Its effort at being lucid and brief, its aversion to philosophical jargon, its antipathy for a discouraging and generally useless bibliographical display, all come from a wish to help instead of dazzle. Most books are composed with the more or less avowed object of being works of art, that is to say of being an end in themselves and ultimately rousing admiration. Egotism, in writing of any art, especially of an *Art of Thinking*, would be criminal, and it can be honestly said that it had as little a share as possible in the preparation of this work. It will be enough if the reader is conscious of sympathy to which he has a right, and of a continuous striving to help him in his effort to think his best and live his noblest.

The Little Green Grammar Book Mark Tredinnick 2008-09-01 What really goes on inside a sentence? What is your subject, and where is your verb, and what is its tense, and where is your modifier, and why does it matter? Where do you need a comma, and where do you not? Why are dashes and semicolons so misunderstood? When is it which and when is it that? In The Little Green Grammar Book, Mark Tredinnick asks and answers the tough grammar questions-big and small-with the same verve and authority readers encountered in The Little Red Writing Book. The Little Green Grammar Book does for grammar what The Little Red Writing Book did for style. It will have you writing like a writer in no time.

Ontology Made Easy Amie Lynn Thomasson 2015 This volume aims to develop the easy approach to ontology, showing how it leads to both a first-order simple realism about the disputed entities and a form of metaontological deflationism that takes ontological disputes themselves to be misguided, since existence questions may be answered by straightforward conceptual and/or empirical work. It also aims to defend the easy approach against a range of objections and to show it to be a viable and attractive alternative to hard ontology.

English Grammar and Usage Made Easy P.D. Antony 2016-08-08 Grammar is a subject that even the best English users tend to neglect. This book can be used as a general reference book by all. For students, it is a grammar guide to refer to any topic at a glance. The description of every rule is easily understandable without teachers' help. It covers all the grammar rules for day-to-day requirements and all parts of speech with plenty of examples. The pronouns are very well-explained, especially nominative and objective pronouns, which are often confusing for many. The case is similar with verbs and adverbs.
