Ever felt like you have to constantly tidy up just to maintain a lasting order in your living space? Do your papers continue to pile up like

walls threatening to close in on you? Do your garments continue to heap up like an impassable mountain of interwoven fabric? Then perhaps you're doing it wrong. Marie Kondo, world-renowned Japanese author and tidying consultant, introduces you to a technique of organizing you have never known before. This innovative way of tidying promises that you will only ever have to do it once—you will never have to tidy up again. Other home-organizing techniques promote tidying by location. Marie Kondo's technique—the KonMari method—is a type of progressive organization that boasts long-lasting results. Countless success stories and a three-month waiting list can attest to the effectiveness of the KonMari technique. Inside this Start Publishing Notes Summary, Analysis, and Review of Marie Kondo's *The Life Changing Magic of Tidying Up* includes: Summary of the book A Review Analysis & Key Takeaways A detailed "About the Author" section Preview: *The Life-Changing Magic of Tidying Up* by Marie Kondo, an organization expert, details her KonMari Method, a rigorous cleaning program that promises swift, profound results. Kondo's beliefs are simple and straightforward: clutter makes your household-and your life-feel chaotic. If you rid your home of clutter, you'll achieve organizational bliss. Permanently. The entire process takes about six months, with some tasks that should be completed in one sitting and others that may take days or weeks. Kondo's recommendation is to handle each and every object in your home-literally picking it up and holding it in your hands-to consider whether or not it "sparks joy." If the object makes you happy, it's a keeper. If it doesn't, it should be discarded or recycled. (It's essential to frame this decision as 'What should I keep?' rather than 'What should I throw away?') Once you have culled your belongings in this way, Kondo estimates you should have only about one-third of what you started with, perhaps less.
