Het onsterfelijke leven van Henrietta Lacks Rebecca Skloot 2017-11-14 Haar naam was Henrietta Lacks, maar de medische wereld kent haar als HeLa. In de jaren '50 werden haar kankercellen zonder dat zij dat wist bij haar weggenomen. Met behulp van deze cellen, die letterlijk onsterfelijk zijn, werden de meest uiteenlopende geneeskundige ontdekkingen gedaan en rond de verkoop ervan ontstond een miljoenenindustrie. Het leven van Henrietta bleef echter vrijwel onbekend en ook haar familie wist tot ruim dertig jaar geleden niet van het bestaan van de cellen af. Rebecca Skloot vertelt het verhaal van de 'HeLa-cellen', maar laat ons vooral ook kennis maken met Henrietta, haar verleden en haar familie, die nog steeds worstelt met de nalatenschap van de cellen. Ze laat zien dat het verhaal van de familie Lacks onlosmakelijk verbonden is met de duistere geschiedenis van het experimenteren met Afrikaans-Amerikanen, het ontstaan van de ethiek binnen de biologie en de juridische strijd over de vraag of we de baas zijn over de materie waarvan we zijn gemaakt.

Stars of Aquarius Victor S. Whyte 2020-03-25 In the winter of 1777, George Washington was in his tent at Valley Forge when a mysterious and beautiful woman appeared before him. She revealed three visions of war on American soil. The final war was the most fearful and would have been lost but for the intercession of the heavenly host. What she did not reveal was that there were only seven people on Earth that could invoke this intercession from heaven but first they would have to be trained by the Lords of the Seven Rays. Paul the Venetian, Lady Master Nada, Hilarion, Lord Lanto, El Morya, Serapis Bey, and St. Germain waited for their students inside a portal that connected the physical and spiritual realms. In the summer of 2014, Jessica, Tessa, Tyler, Nicole, Jordan, Ethan, and Alexis were camping at Jenny Lake in Grand Teton National Park. None of them had ever heard of the Lords of the Seven Rays but that would soon change.

De 7 sleutels tot geluk Deepak Chopra 2017-10-24 De 7 sleutels tot geluk van Deepak Chopra is een overzichtelijk en helder boek over de zeven elementen waarmee een gelukkige en zinvolle manier van leven binnen handbereik komt. Volgens Chopra is geluk het doel van ons leven. Veel mensen leven in de overtuiging dat geluk te maken heeft met succes, rijkdom, gezondheid of een goede relatie. Er is een enorme sociale druk om te geloven dat die verworvenheden hetzelfde zijn als geluk. Maar die veronderstelling is onjuist, het zijn bijproducten van geluk en er is geen oorzakelijk verband. Chopra geeft een aantal sleutels om ons te ondersteunen in het bereiken van ons levensgeluk en die gaan van een goed contact met ons eigen lichaam naar het besef dat de wereld zich niet buiten jou maar in jou afspeelt.

Artemis stemt in, op voorwaarde dat de elfen hem naar Rusland brengen en hem helpen zijn vader te bevrijden...

Leven aan de onderkant Theodore Dalrymple 2012-09-20 Een vernieuwende en confronterende visie op het systeem dat de onderklasse instandhoudt. Leven aan de onderkant is het relaas van een psychiater over het leven in de onderklasse en een felle aanklacht tegen de mentaliteit die mensen daarin gevangen houdt. Dalrymple werkt in een gevangenis en in een ziekenhuis in een grote achterstandswijk. Hij baseert zijn analyse op de duizenden gesprekken die hij voerde met daders en slachtoffers van roof, drugsmisbruik, mishandeling en andere vormen van geweld. Het resultaat is een indringend portret van een wereld waarin relaties vluchtig en gewelddadig zijn, waarin vaders afwezig zijn, waarin zelfbeheersing en eigen verantwoordelijkheid niet of nauwelijks een rol spelen. Volgens Dalrymple wordt de onderklasse vooral instandgehouden door het waarderrelativisme waarvan de westerse wereld sinds de jaren zestig van de twintigste eeuw is doortrokken. Dat komt vooral tot uiting in het goedpraten van criminaliteit door die voor te stellen als een onontkombaar gevolg van armoede of discriminatie, maar ook in het verdracht maken van prestatiedrang in het onderwijs. Aan de onderkant van de samenleving heeft dit geleid tot een slachtoffercultuur, die verhindert dat mensen hun loon in eigen handen nemen, met alle kwalijke gevolgen van dien.

Rapid Entity Attachment Release Athanasios N Komianos 2011-06-01 Rapid Entity Attachment Release (REAR) is a radical breakthrough and a multi-dimensional approach in producing swift and lasting relief in psychological and physical problems. This book is a manual for open-minded, professional therapists to assist their clients in gaining rapid relief from serious and debilitating psychosomatic conditions. It demonstrates that by intervening in a client's energy levels, intrusive and well-concealed attached entities, which had contributed directly to the client's condition, may be exposed and addressed. Disorders such as epileptoid seizures, migraine fits, night terrors, phobias, obsessive compulsive behaviours, addictions, and other common ailments may be caused by well-concealed parasitical entities that drain the resources of their unsuspecting victims and hosts. Presented as a lightning insight into alternate therapies, this manual demonstrates how electricity, acupuncture, hypnosis, past-life regression, and spirit release therapy, can be applied interactively.

Remarkable Healings Shakuntala Modi 1998-04-01 Psychiatry remains an emerging discipline. Many people suffer from ailments that have no apparent cause, no obvious cure. Quite by accident, while using hypnotherapy, Dr. Modi discovered that pastlife regression can be a beneficial treatment. Many of these patients, under hypnosis, claimed to have spirits attached to their bodies and energy fields, creating psychological and physical problems. Based on years of experience, Dr. Modi describes techniques that release these spirits, revealing how patients can sometimes recover within a few sessions. While most doctors would agree that emotional states affect our health, few would give credence to spiritual "influences." In this truly groundbreaking book, Dr. Modi presents evidence that something beyond the physical affects the health of many people, and urges medical scientists to objectively assess this revolutionary approach to mental and, often, physical illness. Pioneers have the courage to put aside the status quo and evaluate what the evidence shows, even if it defies the prevailing logic of the time. Both physicians and the general public should explore the pioneering work of Dr. Modiwork which no doubt has produced many remarkable healings.

Forbidden Religion J. Douglas Kenyon 2006-09-22 Reveals the thread that unites the spiritual paths that have opposed orthodox religion over the centuries and the challenge they provide to the status quo • Contains 40 essays by 18 key investigators of heresies and suppressed spiritual traditions, including Steven Sora, Ian Lawton, Jeff Nisbet, P.M.H. Atwater, John Chambers, and Vincent Bridges • Edited by Atlantis Rising publisher, J. Douglas Kenyon Following the model of his bestselling Forbidden History, J. Douglas Kenyon has assembled from his bi-monthly journal Atlantis Rising material that explores the hidden path of the religions banned by the orthodox Church—from the time before Christ when the foundations of Christianity were being laid to the tumultuous times of the Cathars and Templars and the Masons of the New World. Revealed in this investigation of the roots of Western faith are the intimate ties of ancient Egyptian religion to Christianity, the true identities of the three magi, the link forged by the Templars between early Christianity and the Masons, and how these hidden religious currents still influence the modern world. This book serves as a compelling introduction to the true history of the heretical religious traditions that played as vital a role in society as the established faiths that continuously tried to suppress them. Born in the same religious ferment that gave birth to Christianity, these spiritual paths survived in the "heresies" of the Middle Ages, and in the theories of the great Renaissance thinkers and their successors, such as Isaac Newton and Giordano Bruno. Brought to the New World by the Masons who inspired the American Revolution, the influence of these forbidden religions can be still found today in "The Star Spangled Banner" and in such Masonic symbols as the pyramid on the back of the dollar bill.

Remarkable Healings Shakuntala Modi 1998-04 While most doctors agree that our emotional state affects our physical health, few would give credence to "spiritual influences." Dr. Modi discovered that during hypnotherapy many patients claimed to have "entities" attached to them, living in their energy fields and affecting their behavior. This book demonstrates the technique which she developed to "clear" these energy fields.

Wake up for Ascension to a New Earth - or Leave Robert E. Pettit 2010-09-22 There Is a Place You Can Go - That place is a New Earth free from sickness, crime, and war. The Earth is shifting to a higher vibration - from third density to fourth and fifth density. For you to survive on the New Earth you must also change your frequency to match that of the New Earth. You have a choice, prepare to ascend or transfer to another third density planet. Ascension is available for those who choose to move out of duality consciousness into Unity Consciousness. Dr. Pettit explains some of the requirements and preparations needed to ascend from the Old Earth.

Prayers for Healing and Protection M. D. Shakuntala Modi 2013-03 Dr. Modi, a board certified psychiatrist, has used hypnotherapy in her practice for 35 years. Under hypnosis, many of her patients regressed to a past life or recalled having human, demon or alien spirits within them, or having soul fragmentation and soul loss as the source of their mental, emotional and physical symptoms. By resolving these issues, patients often feel relief from their symptoms, sometimes in just one or two sessions. The wisdom she has derived from these experiences is the subject of Prayers for Healing and Protection. This fascinating book is full of hope, energy and life. People will be drawn to it and want to share it with others. The descriptions are incredible and very easy to visualize, especially the descriptions of the Light and how it connects and illuminates everything. Prayers for Healing and Protection is a very powerful and healing book.

You Can Avoid Physical Death Robert E. Pettit 2009-02 There is a place you can go that is free from sickness, crime, and war. That place is not here on this Earth. Instead, it is on the "New Earth." And you can choose to obtain a new body and go there. Drawing upon thirty-three years of University research and fifteen years of "Subtle Energy" manipulations Dr. Pettit discusses relationships between life sciences and spirituality. An Amazing Human Journey Shakuntala Modi, M.D. 2014-07-22 When did the first humans begin to inhabit the Earth? How did they get here? Why and for what purpose were they put here? How did they evolve from the first humans who looked like a Botticelli painting, to "ape-like" humans, to modern day humans? You will also read about Lamuria and Atlantis, and without spirituality how Atlantians destroyed themselves and their continent. Dr. Modi explains all this and more in her remarkable work about the astounding past and future of mankind. In doing this, she describes how spirituality is the key to successfully fulfilling mankind's desire to become one with God. According to Dr. Modi, human beings have the unique potential to create a heaven-like society on Earth by spreading the spirituality on Earth that will eventually spread to neighboring planets, galaxies, and the entire universe through the continued development and enhancement of spirituality. From what was, to what is, could well include a future with the entire universe "going home to God." The book takes you on what can only be described as An Amazing Human Journey.

The Future of Human Experience J. Zohara Meyerhoff Hieronimus 2013-07-21 Explores the future predictions of cutting-edge scientists, spiritual teachers, and other visionaries and how we can affect the future • Shares insights from the author's discussions with Dr. Mehmet Oz, Raymond Moody, Larry Dossey, John Perkins, Michael Cremo, Gay Bradshaw, Ray Kurzweil, and many others • Examines what these visionary thinkers foresee for humanity based on current trends in medicine, science, agriculture, history, and other disciplines • Reveals how consciousness affects evolution and Earth's future For almost three decades Zohara Hieronimus has interviewed spiritual teachers, cutting-edge scientists, ancient wisdom keepers, laboratory-tested psychics, and other visionaries on their predictions for the near and far future. While the methods they use are significantly diverse, the similarities in their forecasts are striking. And, as Hieronimus reveals, one common theme resonates through them all: the power of human consciousness. Sharing insights from her discussions with Dr. Mehmet Oz, Raymond Moody, Larry Dossey, John Perkins, Michael Cremo, Gay Bradshaw, Ray Kurzweil, and many others, Hieronimus explores what these visionary thinkers foresee for humanity based on current trends in medicine, science, agriculture, Earth history, robotics, and spirituality. She examines natural, extraterrestrial, and man-made events that dramatically altered humanity's course in the past or might in the future, revealing a recurring cycle of catastrophic Earth changes and rebirths of civilization over billions of years. The author explains that, as part of the energetic expression of Divinity, we can influence the impact of Earth changes through our actions and intentions. She shows that the consciousness of humanity has the power to affect evolution, enact healing on personal and global levels, and alter even natural systems such as the weather. By studying predictions across a broad range of disciplines—from nano-technology to plant intelligence—from today's great minds and from ancient spiritual traditions, Hieronimus shows that we can significantly improve the long-term welfare of the Earth by unfolding our nonlocal consciousness, adopting a reverent attitude toward all life, and realizing how we do things is as vital as what we do.

The Power of the Healing Field Peter Mark Adams 2021-11-23 • Illustrates the role of transpersonal fields of consciousness in healing a range of issues, from inherited family and ancestral problems, to past lives and womb trauma, to near-death experiences, merged identities, and spirit attachment • Shares remarkable cases of healing and personal transformation from the author's more than 20 years of energy healing work, as well as experiences from other gifted healers, psychics, and shamans • Provides diagrams of the human energy body, the spectrum of states of awareness, the multilayered fields of consciousness, and the psychoenergetic dynamics of the transformation process Sharing remarkable cases of healing and personal transformation from his and his wife's more than 20 years of intensive professional energy healing work as well as experiences from other gifted healers, psychics, and shamans, Peter Mark Adams illustrates the role of transpersonal fields of consciousness in healing a range of issues—from inherited family and ancestral problems to past lives and womb trauma to near-death experiences, merged identities, and spirit attachment. Drawing on esoteric tradition as well as scientific research, such as Rupert Sheldrake's morphic field studies, the author maps out the human energy field in all its subtleties, providing diagrams of the human energy body, the spectrum of states of awareness, the multilayered fields of consciousness, and the psychoenergetic dynamics of the transformation process. Through compelling testimonials of powerful healings, Adams demonstrates how the processes of healing and of peak spiritual experience are closely aligned with harmony within the larger energetic field of consciousness. Proposing a new model of consciousness, reality, and energy healing that incorporates the anomalous phenomena that occurs on the outermost edges of human experience, the author draws these many strands together to outline not only a multilayered approach for different kinds of energy healing modalities, such as Reiki, breathwork, EFT, and remote healing, but also a useful program of self-help that anyone can follow to make lasting improvements to their physical, emotional, and spiritual health.

Healing Lost Souls William J. Baldwin 2003-06-01 For two decades, William Baldwin has been a pioneer in the ever-expanding therapeutic fields of Spirit Releasement, Past Life Regression, and Soul-Mind Fragmentation. In his Florida practice, he uses these therapies routinely to help patients who suffer from Dissociative Trance and Dissociative Identity (formerly called Multiple Personality) Disorders. Healing Lost Souls explores the attributes of each therapy in everyday language, and provides dozens of case studies to illustrate its clinical use. Likening his work to the ancient practice of shamanism, Baldwin has found that psychological disorders are often rooted in past life traumas, the interference of attached entities of various origins, and the fragmentation of one's soul. Baldwin stresses the importance of active patient participation throughout the stages of regression, as well as the need to treat encountered entities with respect, since they are often more lost souls as bewildered and frightened as the patients themselves.

Memories of God and Creation Shakuntala Modi 2000-09-01 Is it possible to remember how the universe was created, where humans came from, and what we planned to do with our lives? Yes, says board-certified psychiatrist Shakuntala Modi, M.D. For more than a decade Dr. Modi has used clinical hypnosis to help patients discover the sources of their physical and mental health problems, not only in their pasts, but even in their past lives. Now she targets the cosmos. According to Dr. Modi, everyone carries memories of God and creation in their subconscious. This book presents information from many of her hypnotized patients, presenting evidence that we all carry the secrets of the universe within us. The astonishing revelations in this book include real patient descriptions of: What it's like to be one with God/Why there are individual souls/Where evil came from/how angels were created/how dying feels/How easy it is to return to Heaven after death/Prepare to have your world view completely altered by the information in Memories of God and Creation.

Healing Others Walter Weston 1998 Weston developed "Emotional Release Therapy" (ERT) following his retirement from the Methodist ministry and has trained hundreds of people in its practice. In South Africa, he trained teachers to practice and teach ERT so they can heal the emotional trauma of children orphaned by AIDS. Therapeutic prayer and ERT are being comfortably used by people of diverse religions and beliefs to cure both physical and emotional illnesses.

Signs on the Earth Richard Leviton 2005-06-10 Virgin Mary Apparitions. UFO Sightings. Crop Circles. What do these have in common? Earth-energies expert Richard Leviton is convinced that these three seemingly distinct phenomena are all interconnected. And, he insists, the signs indicate something very real and very important is happening: we're fast approaching the end of the world as we know it—and that might not be such a bad thing. In Signs on the Earth, Leviton combines newspaper and firsthand accounts with his own intuitive research to examine the exploding number of such reports from around the world. He focuses his study by selecting a handful of Marian apparition sites, including Lourdes, Fatima, Medjugorje, and others, as well as UFO hot spots such as California's Topanga Canyon and the Hudson River Valley. For his investigation of the crop circle phenomenon, Leviton takes you Wiltshire, England, an area he calls the crop circle mecca. Encouraging you to think of the Earth as a cosmic bulletin board, Leviton believes that these phenomena are messages from the galaxy and the spiritual worlds offering us an unprecedented opportunity to enter the next level of reality. Signs on the Earth shows that these signs are literally directions to a 3-step process for looking within as well as beyond yourself, and unlocking your vast spiritual potential.

Emotional Release Therapy Walter Weston 2006-01-09 A new therapy for releasing emotional pain and trauma Professional spiritual healer and former Methodist minister Walter Weston was frustrated by the lack of therapies effectively dealing with emotional pain. Then he developed Emotional Release Therapy (ERT), a simple technique that permanently removes painful and traumatic memories along with self-destructive emotional states like depression, grief, fear, and anger. Because emotional pain is often the root cause of many physical diseases, ERT can likewise alleviate painful conditions and speed recovery from disease. A blending of energy and faith healing, ERT heals by helping us re-access our lost connection to God. Since developing the therapy, Weston has taught thousands of people around the world to practice ERT on themselves and others. ERT is so effective you can also use it to treat animals.

The Healing Field Peter Mark Adams 2014 THE HEALING FIELD examines remarkable cases of healing and personal transformation made possible by a range of natural energy based healing techniques. The anomalous experiences arising in these contexts throw fresh light on the timeless issues of the nature of consciousness, reality and selfhood. Through the unique lens of the energy healer we are able to discern a far more expansive, positive and empowering view of our place within the larger web of life. The experiences recorded in The Healing Field are based upon live cases derived from over 15 years of professional experience. The insight and understanding arising from people's lived experience goes far to relieving the anxiety, fear and doubt that otherwise overshadows the vast majority of people. Back Cover Text: The Healing Field presents a collection of real-life cases drawn from intensive energy healing work. For over 15 years, Peter and his wife Gulcan have been practicing and teaching energy psychology methods such as Emotional Freedom Techniques, Tapas Acupressure Technique, Reiki and breathwork to thousands of people. Their research reinforces the idea of a healing and morally self-correcting field of consciousness. This concept is compatible with Rupert Sheldrake's "Morphic Field". The Healing Field illustrates how transpersonal fields of consciousness connect all life forms and provides powerful leverage to heal the vast range of issues not addressed by conventional medicine and therapy. These issues often relate to: • Contracts made in the womb • Merged identities • Problems inherited from ancestors • Past life traumas • Near death experiences • Interactions with deceased persons • Spirit and entity attachment • Spiritual experiences • Encounters with higher order beings Each section carefully references scientific research, making this book a unique bridge between science and energy healing. Using simple, natural techniques we can heal our emotional and physical issues. In doing so, we contribute towards healing the fields of consciousness that connect us all. The Healing Field provides a reliable roadmap to help you chart a new course towards realizing your full potential in life.

A Spiritual Hypothesis Daniel Punzak 2017-04-06 Traditional Western religion explains that each human has a spiritual aspect called a soul. However, several passages in the Bible allude to humans having a soul and a spirit. Dan has explored this idea and found numerous modern psychological findings that support this notion. Shamanism and some Eastern religious concepts also support this idea. Diverse concepts such as creativity and mental illness can be explained by the idea that two spiritual forms are in each human.

Psychoanalytic Energy Psychotherapy Phil Mollon 2018-03-26 People like to talk. We know that talking to an attentive and thoughtful listener can be helpful in clarifying conscious and unconscious feelings, thoughts, and motivations. But is talk enough? The complex physiology of anxiety and traumatic stress reactions is often stubbornly persistent, despite therapeutic exploration in both conscious and unconscious areas of the mind. In the case of severe trauma, talking can stir up the emotions and associated bodily disturbance without providing any resolution - sometimes leaving clients feeling worse. The developing field of energy psychology offers an entirely new perspective and gamut of techniques for locating where these traumatic patterns are encoded. They are not in the mind - but in the energy system at the interface of psyche and soma. By addressing these realms concurrently, a powerful therapeutic synergy emerges that allows rapid and deep shifts in the patterns of distress that drive the psychosomatic system.

Illuminating the Narrow Gate Karl R. Luther 2022-01-17 Do you desire the truth about God, our foremost religions, the purpose of life and the future of our planet? If so, Illuminating the Narrow Gate will guide and empower you to fulfill your destiny of transcending the darkness and embracing an enlightened spirituality. Blessed with astonishing insights and revelations, this revolutionary book heralds a global awakening and the inevitable doom of institutional religion. Volume II contains 15 appendices that substantiate and enhance the revelations of Volume I. Appendices A ("Reincarnation") and B ("Spirit Possession") present scientific and clinical evidence that demonstrates the reality of those phenomena. The next three appendices are primarily dedicated to dating the Book of Daniel. Leveraging the breakthrough of Illuminating the Narrow Gate's paradigm shift, Appendix D ("Redirecting the Debate About Daniel") decimates the prevailing scholarly conclusion that Daniel's prophecies were a hoax written in the 2nd century BCE. Instead, this book within a book proves they were penned as advertised in the 6th century BCE while debunking the fundamentalist view that the biblical book is inerrant. The next six appendices primarily present ancient history that demonstrates the fulfillment of prophetic passages from Daniel. Four of them—Appendix F ("The Beast With Ten Horns"), Appendix G ("Constantine the Great"), Appendix J ("The King of the End Times") and Appendix K ("Understanding the 69 'Sevens'")—deliver the spine-tingling details of how the future was foretold with stunning accuracy and precision for five centuries after the date when all scholars agree Daniel was on the historical record (160s BCE). Appendix L ("The Catholic Church in the 20th Century") shows that although the Church no longer champions crusades, sequesters Jews in ghettos, or tortures and kills those who believe differently, its underlying darkness has continued unabated. The majority of this other book within a book details how the Vatican helped Benito Mussolini and Adolf Hitler gain dictatorial power and then made strategic alliances with them, ignored their pre-war crimes and assaults upon the Jews, sanctioned their predatory aggression upon other nations, and turned a blind eye to the Holocaust. After illuminating the essence of the papal choices before and during World War II, the appendix exposes the criminal nature of the Vatican's subsequent financial affairs. It shows how the sudden death of Pope John Paul I in 1978 was most likely a blackmail-enabled murder by the Vatican Bank's underworld partners. After two short appendices explain passages from Revelation, the book concludes with Appendix O ("The Impact on Islam"). It shows how the book's insights are also inscribing the writing on the wall for Islam. * You don't need to purchase Volume II if you only want the book's core insights and revelations. A PDF document of the end matter published in Volume I (Endnotes, Bibliography, Index, et al.) can be downloaded for free from the book's website to make Volume I a self-standing book.

Catharsis, Integratie en Transformatie Hans ten Dam 2016-01-20 Regressietherapie is gebaseerd op twee stralend eenvoudige gedachten. Die in de praktijk nog blijken te werken ook. De eerste gedachte is dat niets uit de lucht komt vallen. Elk probleem is ergens begonnen. Als we er achter komen waar, kunnen we er iets aan doen. Omdat onze huidige situatie meestal anders is dan toen, en we nu ouder en ervarener zijn, scheidt de herbeleving van de oorspronkelijke situatie tegelijk begrip en afstand. Vooral als we daarbij geholpen worden door een verstandige therapeut. De tweede gedachte is dat de tijd niet alle wonden heelt - vooral geen wonden die we steeds open krabben. Als we begrijpen hoe we dat doen en vooral waardoor en waarom, kunnen we onszelf soms voor het hoofd slaan. En kunnen we iets aan de wond gaan doen. Een enkele keer is de herbeleving van het begin van het probleem al voldoende. Andere keren ontdekken we dat het begin nogal onbenullig is. Dan gaat het meer om het doorbreken van een patroon, een vicieuze cirkel, een overlevingsmechanisme. Dan gaat het minder om het begin en meer om hoe we het patroon in stand houden. Maar ook dan helpt het te beseffen hoe uit een klein begin een groot probleem kan groeien. Een ezel stoot zich in 't gemeen niet twee maal aan dezelfde steen. Maar dan moeten we die steen wel in de smiezen krijgen - en ook hoe en waarom we ons zijn blijven stoten. Elke genezing begint met de feiten zien en begrijpen. Een enkele keer is dat voldoende. En altijd is het een goed begin.
