Sociale & culturele antropologie John Monaghan 2015-03-25 'Als je wilt weten wat antropologie is, moet je kijken naar wat antropologen doen,' zo schrijven de auteurs van dit Elementaire Deeltje. In deze boeiende introductie op dit vakgebied komen dus, naast de belangrijkste principes en methodes, veel voorbeelden aan bod van de antropoloog aan het werk. Puttend uit hun eigen ervaringen in Indonesië en Midden-Amerika bespreken de auteurs de wijze waarop sociale en culturele antropologie ons begrip over de menselijke samenleving en cultuur hebben helpen vormen.

The Capability Approach to Labour Law Brian Langille 2019-04-04 Forty years ago Amartya Sen introduced to the world a novel approach to the idea of equality: the notion of 'basic capability' as 'a morally relevant dimension' and the claim that we should focus upon equality of basic capabilities ('a person being able to do certain basic things'). These ideas, as developed by Sen and Martha C. Nussbaum, have launched an academic armada now proceeding under the flag of the 'capability approach' (CA). While that flag has ventured far and wide and engaged many areas of inquiry, this volume of essays is the first to explore how CA might shed light upon labour law. The capabilities approach can illuminate our understanding of labour law across three dimensions. Part I looks at the nature of the basic relationship between CA and labour law-do they share common ground or disagree about what is important? Can the CA provide a normative 'foundation' for labour law? Part II goes further by examining the relationship of the CA and other well-established perspectives on labour law, including economics, history, critical theory, restorative justice, and human rights. Part III examines the possible relevance of the CA to a range of specific labour law issues, such as freedom of association, age discrimination in the workplace, trade, employment policy, and sweatshop goods.

Vaarwel broer Edwidge Danticat 2010-09-01 Op de dag dat Edwidge ontdekt dat ze zwanger is, hoort ze dat haar vader ongeneselijk ziek is. Ze neemt direct contact op met de broer van haar vader in Haïti. Oom Joseph is als een tweede vader voor Edwidge: ze woonde jarenlang bij hem in huis, tot ze op haar twaalfde herenigd kon worden met haar ouders in New York. Vol compassie en ontzag vertelt Edwidge het levensverhaal van de twee broers. Hoe oom Joseph haar opvoedde en hoe hij op een dag zijn stem verloor, waardoor hij niet meer kon preken in de kerk die hij zelf had gebouwd. En hoe haar ouders een nieuw leven begonnen in Amerika, waar ze voortdurend vreesden voor de veiligheid van familie en vrienden die in Haïti achterbleven. Edwidge Danticat schreef met Vaarwel, broer een diep ontroerend familierelaas over de levens en de dood van twee broers, en haar liefde voor hen beiden.

Boomerang Michael Lewis 2012-03-08 Lewis wil de ziel blootleggen van de financiële crisis en gaat op reis. Hij spreekt met IJslandse vissers die naïef en zonder opleiding bankier werden (en nu weer visser zijn); hij praat met de Griekse premier over de onuitroeibare neiging om te frauderen en te sjoemelen; en hij leert in Ierland waarom de doorgaans pessimistische Ieren vanaf 2000 enthousiast huizen gingen bouwen zonder zich af te vragen wie die huizen moest gaan kopen. Terug in Amerika beschrijft hij een hilarische en surreële fietstocht met Arnold Schwarzenegger, die in hoog tempo over zijn schouder uitlegt waarom hij de staat Californië met zo'n grote schuld moest achterlaten. Net als Geert Mak maakt Lewis in persoonlijke verhalen de grote lijnen van de (recente) geschiedenis zichtbaar.

Onversneden Christendom C.S. Lewis 2021-10-02 In 'Onversneden christendom' legt C.S. Lewis uit wat het hart is van het christelijk geloof. Een klassieker! Er is geen schrijver die zo helder en warm kan uitleggen wat het betekent om christen te zijn als C.S. Lewis. Hij blijft niet steken in een abstracte theologische uiteenzetting, maar maakt het Bijbelse verhaal op een persoonlijke manier tot een prachtig geschenk. Lewis blijft bij de kern van het geloof en hij verliest zich niet in details en morele kwesties. Wie toe is aan een verfrissing en verdieping van zijn of haar geloofsleven kan nog steeds het best bij C.S. Lewis terecht.

Trade Unions and Workplace Democracy in Africa Gérard Kester 2016-02-24 Can democracy only survive if it is participatory? Is participatory democracy a prerequisite for sustainable development? Are trade unions the most appropriate body through which such aims can be implemented? These critical questions are tackled in Gérard Kester's book, *Trade Unions and Workplace Democracy in Africa*, which applies an unparalleled depth of research to these issues as they impact African nations, including: Cape Verde, Burkina Faso, Mali, Guinea, Ghana, South Africa, Zambia, Tanzania and Zimbabwe. Rigorously structured, it sets the background of the research and the underlying theory, before presenting

the learning experiences within different countries and the the broad implications of the research findings for policy making on democratic participation.

The Autonomy of Labour Law Alan Bogg 2015-03-26 To what extent is labour law an autonomous field of study? This book is based upon the papers written by a group of leading international scholars on this theme, delivered at a conference to mark Professor Mark Freedland's retirement from his teaching fellowship in Oxford. The chapters explore the boundaries and connections between labour law and other legal disciplines such as company law, competition law, contract law and public law; labour law and legal methodologies such as reflexive governance and comparative law; and labour law and other disciplines such as ethics, economics and political philosophy. In so doing, it represents a cross-section of the most sophisticated current work at the cutting edge of labour law theory.

Indigenous Rights and Water Resource Management Katie O'Bryan 2018-10-26 In an era of climate change, the need to manage our water resources effectively for future generations has become an increasingly significant challenge. Indigenous management practices have been successfully used to manage inland water systems around the world for thousands of years, and Indigenous people have been calling for a greater role in the management of water resources. As First Peoples and as holders of important knowledge of sustainable water management practices, they regard themselves as custodians and rights holders, deserving of a meaningful role in decision-making. This book argues that a key (albeit not the only) means of ensuring appropriate participation in decision-making about water management is for such participation to be legislatively mandated. To this end, the book draws on case studies in Australia and New Zealand in order to elaborate the legislative tools necessary to ensure Indigenous participation, consultation and representation in the water management landscape.
