Switch Chip Heath 2015-04-02 We weten allemaal dat het moeilijk is om te veranderen. Het kost veel tijd en vaak geven we op bij de eerste tegenslag. Maar waarom zien we wel de beren op de weg en niet de bestemming? Deze vraag beantwoorden Chip en Dan Heath in dit fascinerende boek. We hoeven slechts te begrijpen hoe onze hersenen werken om snelle veranderingen in ons gedrag te realiseren. Op basis van wetenschappelijke studies en opmerkelijke casestudy's laten ze zien dat ogenschijnlijk simpele methodes leiden tot fantastische resultaten.

**Energy Management Handbook, Fifth Edition** Steve Doty 2004-09-22 Originally published two decades ago, the Energy Management Handbook has become recognized as the definitive stand-alone energy manager's desk reference, used by thousands of energy management professionals throughout the industry. Known as the bible of energy management, it has helped more energy managers reach their potential than any other resource. Completely revised and updated, the fifth edition includes new chapters on building commissioning and green buildings. You'll find in-depth coverage of every component of effective energy management, including boiler and steam system optimization, lighting and electrical systems, HVAC system performance, waste heat recovery, cogeneration, thermal energy storage, energy management control systems, energy systems maintenance, building envelope, industrial insulation, indoor air quality, energy economic analysis, energy procurement decision making, energy security and reliability, and overall energy management program organization. You'll also get the latest facts on utility deregulation, energy project financing, and in-house vs. outsourcing of energy services. The energy industry has changed radically since the initial publication of this reference over 20 years ago. Looking back on the energy arena, one thing becomes clear: energy is the key element that must be managed to ensure a company's profitability. The Energy Management Handbook, Fifth Edition is the definitive reference to guide energy managers through the maze of changes the industry has experienced.

**Dochters van het daglicht** Judy Batalion 2021-03-10 Het indrukwekkende Dochters van het daglicht van Judy Batalion vertelt het verhaal van joodse getto-meisjes die zich verzetten tegen de nazi's. Voor de lezers van Mijn naam is Selma en 't Hooge Nest. Dochters van het daglicht van Judy Batalion vertelt het vergeten verhaal van de joodse getto-meisjes die in opstand kwamen tegen de nazi's. Voor de lezers van Mijn naam is Selma en 't Hooge Nest. In de krochten van de British Library stuitte kunsthistoricus Judy Batalion vijf jaar geleden op een obscuur Jiddisch boekje uit 1946, Freuen in di Ghetos. Deze 'getto-meisjes' brachten hun vijanden al flirtend het hoofd op hol, kochten ze om, maar verstuimden ze als het moest in koelen bloede. Ze saboteerden de Duitse spoorwegen, bouwden bunkers en smokkelden wapens, maar

droegen ook zorg voor de kinderen en de zieken. In *Dochters van het daglicht* brengt Batalion al deze indrukwekkende verhalen samen in een magistraal en meeslepend historisch epos. Middelpunt vormt de hechte verzetsgroep rond de achttienjarige Poolse Renia Kukielka, die haar leven zonder aarzeling in de waagschaal stelt om Hitler te verslaan. Met centrale thema's als vrouwenverzet, vriendschap en feminisme in oorlogstijd is *Dochters van het daglicht* van Judy Batalion een boek dat geen lezer onberoerd zal laten. 'Deze geschiedenis van joodse verzetsvrouwen blijft nog lang nagalmen in je hoofd. Met haar krachtige verhaal geeft Batalion een genuanceerd beeld van geschiedenissen die te snel worden vergeten.' – Kirkus Reviews (starred) 'Dochters van het daglicht brengt een levendig eerbetoon aan vrouwelijke moed in de breedste zin van het woord.' – Publishers Weekly

De Rockefeller-strategie Verne Harnish 2010-04-28 Verne Harnish is expert op het gebied van strategische groei. Uitgangspunt voor dit handboek zijn drie basisprincipes voor succesvol management, afkomstig uit de biografie van oliemagnaat John D. Rockefeller, ooit de rijkste zakenman in de VS, die Harnish uitwerkte tot een managementtool voor snelgroeiende bedrijven. De drie principes van Rockefeller zijn: .

Prioriteiten: hebben we duidelijke prioriteiten voor de korte en lange termijn? Heeft iedereen zijn eigen prioriteiten daarop afgestemd? . Informatie: is er genoeg informatie om de performance en de wensen van onze klanten te peilen? Werkt iedereen ook met en volgens die informatie? . Ritme: zijn er regelmatig vergaderingen om de koers en de verantwoordelijkheden scherp te houden? Worden die effectief en zinvol gehouden? De Rockefeller-strategie biedt het gereedschap om de juiste strategische beslissingen te nemen en deze vervolgens ook uit te voeren en te checken of er ook gedaan wordt wat gedaan moet worden. Harnish legt de theorie uit aan de hand van cases en je kunt direct aan de slag met het strategisch plan op één A4tje, het stappenplan en de financieringstactiek. Een onmisbaar handboek voor ambitieuze ondernemers, die liever ondernemer dan manager zijn, maar wél op koers willen blijven. '
